The Fruits of Our Labors

I would like to start a support group for Lesbian ex-psychiatric inmates. That means anyone who was ever locked up in a psych institution. I think we have issues to deal with in our lives that are not common to the general community, including grief, failure & relationship issues. We approach them a little differently because of having been broken down by State force over their issues. If this makes any sense to you, call me and let's start talking. Tina Minkowitz, 338-3799
