STUDENT COUNCIL MINUTES

Plans for the Winter Carnival are moving right along. Tickets have been ordered and Charlie Cragin, an expert on formals, has looked into bouquets, corsages, charms, and tiaras. Underneath the dances were widely discussed. It seems the Student Activities Committee reached a solution for the large number of non-college people attending. Their suggestion was to sell tickets during the week to UMP students and charge double at the door. A motion was carried, however, by the S.C. to demand I.D.'s as a proof of being over 18. A suggestion to limit the number allowed into the dances was not carried.

Also under new business was a request by Judy DeRocher for a replacement for herself because of a conflict in schedule.

Ed Gerhman suggested that the S.C. ask permission for a skating rink in the present football field (?) and for sanding in the lower parking lot.

TRIP TO EUROPE, ANYONE?

Mike Skaling, a student at Orono and chairman of the European Student Group Travel Comm., has announced definite plans for the first announced European group flight this summer. Flight privileges are open to students, faculty, staff and employees of the University of Maine and their immediate families (spouse, children or parents). Plans for the trip provide flight service on a major jet airline from Boston to London and then return trip. There are two group flights—one leaves June 7 and returns August 19, and the other leaves June 9 and returns Sept. 7. Group flights require $25 or more round trip and cost $338 for adults compared to $25 for regular round-trip fare. (Cont. on pg. 3)
INSIDE SPORTS
with Walt Abbott

Last week the UMP Vikings took to the road. On Wednesday night they edged FSTC in overtime and on Saturday night they got pasted by St. Francis for the second time this season. On Monday of this week they played the Bowdoin Frosh at home. Newspaper deadline superseded the result of this game.

Ranking reserve V. Conners has left school thus taking a valuable sub from the varsity squad. Inside dope says look for some other member of the varsity squad to be absent second semester. UMP plays only five games second semester, but, as things stand now, these games will be the difference between a losing season and a winning one for Coach Dick Sturgeon.

D. Emerson scored well Saturday night as well as Francoer and Moulton. Bowie and Weatherbie didn't score as heavily as usual, but UMP still scored 79 points. Apparently the defense let down since things stand now, these games will be the difference between a losing season and a winning one for Coach Dick Sturgeon.

You next month.

REALLY INSIDE SPORTS
BY Mike Pearce, Dan Googins, John Andrews, and Phil Cutler

Last Wednesday night the Vikings tipped the Farmington State Beavers 73-69 in a spine-tingling court fray that was climaxed in an overtime. The UMP team reflected the Devastating effect of a two week vacation.

It is shocking to compare last Wednesday's 26% shooting average from the floor with the 60% of the Maine Frosh game on the day vacation started. Looking equally as bad from the foul line, the Vikings tallied on only nineteen of their charity tosses for a whooping 56%. In the Maine Frosh game, our boys racked up 50% of their free throws.

Although the Beavers outscored UMP from the floor by six baskets, the Vikings won. STRANGEST! Not really when you consider that our boys played an exceptionally clean game by sending their opponents to the line only ten times for good for only ten points. Thus, the Vikings can attribute their Pyrrhic victory to their conversions at the foul line.

In UMP's second tilt of last week, the Vikings took a trouncing from the St. Francis Red Knights by a score of 64-59. This loss sends UMP back into the lost column with a four and five record for the season.

During the first half of this Knight's heart-breaker, the Vikings played superbly. Our boys kept the Red Knights to the outside of the key all this half for 90% of their shots. When the St. Francis five fired for a shot, they got one chance and one chance only to make a tally because of the fine rebounding of Harold Moulton and Bob Francoer with 11 and 9 rebounds respectively.

Moreover, the Vikings' offense wasolini. Emerson to Francoer or Moulton and contact for a basket. These bow boys had 11 and 13 points respectively in the first half.

Then came the second half. The roles of the two teams reversed. The Vikings' offense and defense disintegrated with the loss of the ball 20 times in the second half as compared with only 9 in the first half. The Red Knights on the other hand started to click in both departments. The St. Francis ball kept the Vikings outside of the key the second half. As a consequence, the boys were restricted to only six baskets as compared with 22 for the Knights. Moreover, with H. Moulton and F. Francoer out of position all the second half, UMP lost control of the boards. These two boys plus the help of R. Weatherbie and R. Bowd have always come through for UMP.
with only 14 rebounds in the second half last Saturday night because of the fine defense of the Red Knights.

Box Score: Moulton 7, Reb. 13, Francoeur 4 (9) Reb. 11, Weatherbie 1.

APOLLOGIES TO OUR READERS

We hope you will forgive us for the blops of ink that are appearing this week in the UMPus. Due to the rush of typing work that the secretary's have to do at this time of year, we were reduced to typing on the antiquated machines in the Publications Office rather than on those nifty electric typewriters that the secretary's have to use. Only Inside Sports had the electric treatment this week, but such is life. Hope you can bear with us.
