September 22, 1997

Dear Friends:

Every year the Women in the Curriculum and Women's Studies (WIC) Program honors Maine women of distinction with the Maryann Hartman Awards. Named for the late Dr. Maryann Hartman, Associate Professor of Speech Communication, a most distinguished educator, feminist, scholar, and humanist, the awards are given to recognize Maine women whose achievements in the arts, politics, business, education, and community service provide inspiration for women.

The Maryann Hartman Awards for 1997 - 1998 will be presented to :

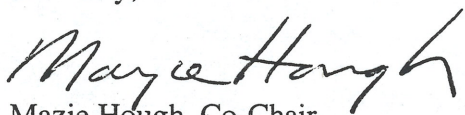

**Madeleine Giguère--for her work in preserving and promoting
Franco-American culture in Maine**
**Constance Hunting--for her achievements as an educator, poet,
and publisher**
**Dale McCormick--for her political leadership and her
training of women for nontraditional careers.**

On behalf of the WIC Program, we would like to invite you to the ceremony to honor these distinguished women. The twelfth annual awards ceremony will be held on **Wednesday, November 5, 1997 from 5:00 to 7:00 p.m. on the second floor of the Wells Conference Center**, University of Maine, Orono. The campus entrance nearest to Wells is the one next to the Alford Arena.

This is an opportunity to honor women of Maine who contribute to the quality of our lives by their exemplary work. The Awards Committee attempts as much as possible to select women from various parts of the state who also represent a variety of career choices and achievements. The three women who are selected each year bring us knowledge about women in Maine who are successful and accomplished--knowledge that helps us to enhance the status of women in the University of Maine and in the larger Maine community.

Please join us for this happy occasion. If you would like further information, please call the Women in the Curriculum and Women's Studies Program Office, 581-1228. Feel free to share this invitation with others who may be interested.

Sincerely,

Mazie Hough, Co-Chair
Maryann Hartman Awards Committee

Ami Pflugrad, Co-Chair
