Heterosexual Questionnaire for Adults

The following questions are reversals of questions frequently asked of lesbians and gaymen. How do you feel as they are asked of you?

1. What do you think caused your heterosexuality?
2. When and how did you first decide you were heterosexual?
3. Is it possible your heterosexuality is just a phase you may grow out of?
4. Is it possible your heterosexuality stems from a neurotic fear of others of the same sex?
5. If you've never slept with a person of the same sex, is it possible that all you need is a good gay or lesbian lover?
6. Why do all heterosexuals feel compelled to seduce others into their lifestyle?
7. Why do you insist on flaunting your heterosexuality? Can't you just be what you are and keep it quiet?
8. Would you want your children to be heterosexual knowing all the problems they'd face?
9. A disproportionate majority of child molesters are heterosexual. Do you consider it safe to expose your children to heterosexual physicians?
10. With all the societal support heterosexual marriages receive, the divorce rate is spiraling. Why are there so few stable relationships among heterosexuals?
11. Why do heterosexuals place so much emphasis on sex?
12. Considering the menace of overpopulation, how could the human race survive if everyone were heterosexual, like you?
13. Could you trust a heterosexual therapist to be objective? Don't you fear that he/she might be inclined to influence you in the directions of her/his own leanings?
14. How can you become a whole person if you limit yourself to complusive, exclusive heterosexuality, and fail to develop your natural, healthy homosexual potential?
15. There seem to be very few happy heterosexuals. Techniques have been developed which you might be able to change if you really wanted to. Have you considered trying aversion therapy?
