GAY SUPPORT AND ACTION NEWSLETTER

RALLY TO THE CAUSE!

A dent has been made. To have any kind of a gay support group in Bangor, Maine, has been a considerable advance. Let's keep it going! Let's make it grow! We have already had dances, a guest speaker from a New York gay lib organization, a guest speaker on the detection and control of V.D., a pot luck supper, and an outing. Most importantly we have been able to be together. We have been welcomed to a fine and safe place. For this we thank the people of the Unitarian Church.

Flexibility and openness are needed. Some people demand structure; some refuse it. Complete separation of those for and those against won't get us far. It seems logical that some people favor political action, some favor social action, and some favor interpersonal encounter. Maybe we can stick together and be satisfied at least part of the time. It is understandable that some people just don't dig meetings. If not, what's wrong with going just to meet others? Autumn in Maine is beautiful! How about making some plans for social events.... an outing, another supper, bowling, or a Halloween dance.

"OH!, DO YA WANT'A DANCE?"

There will be a Gay Mixer on September 7th.
