

NOTICE

On April 20 a homosexual gathering is taking place at the Hilltop Complex. The following poem represents our feelings on this subject.

Any person acting in a very strange manner
will proceed to be dismembered by the

Famous Homo Hammer

And anyone that looks to us in any way
queer will undoubtedly be punctured by the

Deadly Queen Spear

In our own way we will be quick and
deft and cunning, working to prevent April
20th from coming.

For that is when queers will flock to the hill.
We plan to stop them and we certainly will.
