Welcome

We're pleased to be able to host Symposium XX at Unity College this year.

Our theme is building unity, celebrating diversity. We hope you will join with us this weekend to celebrate our incredible spirit and beauty, to play and to learn from each other.

We hope you enjoy stay your stay, strengthen existing bonds, meet new friends and help us make this 20th year a truly auspicious event.

Enjoy yourselves!!! Bienvenue!!

DEDICATION

The Symposium XX Planning Committee wishes to extend our heartfelt thanks and give recognition to all the people and organizations who have worked with great effort to extend Civil Rights to Lesbians, Gay Men and Bisexuals during the past few years in Maine, Canada and those from away. Great work everyone!!! We are proud!! We will have equal rights!!

We also want to acknowledge all those individuals who live their daily life in ways that affirm us all as gay, lesbian & bisexual people. Also, for all of us who simply have the courage to be who we are.

A Lobby priority this year
has been to pass LD 246 and
end discrimination in Maine.

Hello!

On behalf of Unity College I would like to extend a warm welcome to Symposium XX. Diversity has been a theme for programming at Unity this year. The theme for this year's Symposium, "Building Unity, Celebrating Diversity, provides a fitting closure to the school year.

The staff has worked very hard to prepare the campus for your use. You are assured to have a comfortable, safe environment to enjoy the weekend.

There are several guidelines that need to be followed. Dogs are allowed on campus, under the condition that they are on leashes at all times, they are not allowed in the buildings and the owners are responsible for cleaning up after their dogs.

Alcohol is allowed only in the K. D. Lang Lounge, (Student Center) and in private rooms. Legal drinking age is 21 in Maine.

Smoking is not permitted in public areas. It is only permitted in rooms requesting smoking accommodations. Smoking is not permitted in the K.D. Lang Lounge, but ashtrays are provided outside for your use.

Quiet hours in the residence halls are from 10 pm to 7 am. Please do your best to make these areas peaceful.

The Public Safety Staff will be on duty to remind us of these guidelines, but mainly to insure comfort and safety. As the campus is open only for Symposium participants, it is important that you keep your nametag with you at all times so that Public Safety Officers can identify you as a Symposium participant. The Public Safety Department is located in Constable Hall, the red house between Eastview and Westview. They can be reached by phone at 948-2268.

Again, welcome to Unity College. I hope you have a safe and wonderful stay.

Sincerely,

Maria T. Broadbent

Coordinator of Student Development

A Touch of History

By 1974 a gay and lesbian organization had formed at that radical New England Campus - the University of Maine at Orono. The small but determined Wilde-Stein Club decided to hold a weekend gathering during spring break in March. Thanks to the loud protestations of Rev. Benjamin Bubar (tax dollars supporting an organization that promotes HOMOSEXUALITY, you know,) word spread to gay men and women all over Maine. Symposium I became front page news. The UMO Trustees stood by Wilde-Stein, campus security was increased, and gay men and lesbians from Maine, New York, Boston, etc. converged on the Maine Campus.

"Natalie" from the National Gay Task Force (as it was called then, and (forgive us, we don't know his name) the man who wrote "The Celluloid Closet" were the Keynote Speakers.

Workshops were held in classrooms, a supper and dance took place at the Parish Hall of the Bangor Unitarian Church (who continue to be supportive throughout all these years.) Those from out of town stayed overnight in the homes of local participants. The occasional hecklers only served to reinforce the pride those first Symposium attendees felt - spirits were soaring high that weekend in 1974. We owe a lot to those torch bearers who led the way - Sturgis Haskell, Sharon Brown, Karen Bye, John Frank and others whose names are gone from our memories. What a legacy they left!!

A Note of Thanks for Helping to Make this Symposium Possible.

Several grants have helped make Symposium XX possible. We gratefully acknowledge: The Maine AIDS Alliance, for funding John Calvi's participation and for providing safer sex materials.

The Haymarket Foundation helping to provide scholarships and childcare.

The Astra Foundation for assistance with entertainment costs.

ACKNOWLEDGEMENTS

Planning a four day gathering for 150 lesbians/gay/bisexual people is not an easy task. Since late August a small group of dedicated individuals has met every couple of weeks to work out the endless details that must be attended to. Quiet Sunday nights have become a thing of the past. Books could be written on the process involved in getting nine people to reach consensus. Ma Bell has made enough off of Symposium related phone calls to take early retirement. Though we didn't always know what we were doing and we didn't always agree on how to do it, we've remained friends and have gained a really valuable experience. Best of all, those long meetings have finally paid off and the weekend is about to commence.

Symposium XX Planning Committee members are: Lin Gould, Alan Kelly-Hamm, Diane Keubler, Mitzi Lichtman, Bobby Poulin, Kathy Stadig, Becky Stoddard, and Carol Vogler.

We'd like to thank all the "behind the scenes" people without whom we couldn't have pulled it off.

Panel

Dennis Prue has been active in Northern Lambda Nord for 4 1/2 years. He is a former minister, has been in every "helping profession" imaginable, and is interested in how we make the transition from urban to rural gay/lesbian life.

Royal, a May '93 graduate of the University of Maine at Orono, has been an active and irrepressible member of Wilde-Stein throughout his college career.

Carl DeSoucy has been a life long resident of Maine, raised in a Franco American Family with a history of violence and alcoholism. Out of the closet for the last 20 years. Is a successful self-employed hairstylist (Carl's Place in Augusta) with many interests including but not limited to: home improvement, horticulture, political activism, yard saling, antiquing and music. Through a long process of group therapy, psychotherapy, and a variety of 12 Step Programs is living a full and happy (gay) life.

Jean Stickney moved to Maine from Conn. in '73. Was involved in organizing, what I thought was the first Symposium in March of '74. Guess I'm wrong, if this is the twentieth year. Joined the Maine Lesbian Feminist in the mid '70's. Was Editor and publisher of their newsletter for about 6 years. I also put on dances at the Susan B. Anthony Club from the later 70's through to the early 80's. At the present time, I am owner and operator of JKS Copyprinters of Belfast. I also put out a monthly newsletter on upcoming events, meetings and happenings in the Lesbian and Gay Community. "Fruits of Our Labor."

Mary Lou LeRay was an active trade unionist in the Canadian Union of Public Employees for eleven years, before starting her own business last year. She was a member of CUPE's National Pink Triangle Committee working to raise awareness of lesbian and gay issues in the workplace and union.

Ssipsis is a Penobscot of the Turtle Clan. She was born and came out on Indian Island, near Old Town. She is a story-teller, poet, painter, mother, hunter and author of Molly Molasses. She now lives with her lover in the woods near Stratton, where the fiddleheads are plentiful this time of year.

Nan Stone - attended Symposium I while still living in Boston, and has gone to perhaps 15 of the Symposia altogether. Moved to Maine in May of 1974 and has been active in the Lesbian (and sometimes gay & lesbian) political scene ever since.
