Dear Dr. Woodbury:

As you know, last semester's "Listen In" program on which you appeared was an unequalled success. Subsequently, it had occurred to me that an appearance this semester on WMPG might be a good "follow-up" to the concerns you had outlined in October, sort of a "state-of-the-union" message. It would, of course, be scheduled at your convenience. If this seems attractive to you, please drop me a line soon so we can discuss it further.

Sincerely,

John Falcone
