GRAND TRUNK PACIFIC RAILWAY

CONSTRUCTION DEPARTMENT The Grand Trunk Pacific Railway is in course of construction from the Atlantic to the Pacific Oceans across Canada, to be finally completed in 1911. The 1750 miles of its route from Winnipeg to Prince Rupert traverse the most fertile belt of the Western Prairie Provinces and of British Columbia. It is expected that this vast area of the finest wheat lands in the world will be colonized within a short time. In the meantime the opportunities to acquire locations, either by purchase at prices which must increase three or four fold within the next few years, or Free Homesteads on Government lands, are rapidly slipping by. Consult the nearest Government Agent, or any agent of the Grand Trunk Railway, or of the Grand Trunk Pacific Railway, or write to the General Passenger Agent of the Grand Trunk Pacific Railway at Winnipeg.

GRAND TRUNK PACIFIC CONSTRUCTION WEST OF LAKE SUPERIOR Lines in operation in 1909, 1000 miles; Lines to be in operation 1910, 1993 miles; Lines under construction in 1910, 655 miles.

The Grand Trunk Pacific has no lands of its own for sale, other than Townsite Lots, and is therefore in a position to give impartial advice to those looking for lands, either to purchase or homestead, as well as to conduct negotiations between buyer and seller if desired, and the services of the General Passenger Department are cheerfully offered in this connection.

For Pamphlets giving list and particulars of "FREE HOMESTEAD LANDS," "LANDS FOR PURCHASE" along the Grand Trunk Pacific Railway, and for other information pertaining thereto, write to **W. P. HINTON, General Passenger Agent, Somerset Block, Winnipeg.**
