LEWISTON EXCHANGE CLUB NEWS

November 21, 1947

There was a fine speaker introduced to the club last Tuesday by Mayor Louis P. Gagne, in the person of Michael Buccigross, a prominent young local business man. Mr. Buccigross brought to us an explanation of the proposed Memorial Civic Center. This project, the outgrowth of an idea originated by Mayor Gagne, has caught the imagination of all forward-looking citizens of the Twin Cities, and the honest and forthright manner in which the committee has tackled the planning problem has brought forth voluminous praise from all sides. Providing the community with such a sports center is a project which fits well into the aims and objectives of Exchange and we heartily endorse the idea. We were pleased to have Mr. Buccigross use the Exchange Club as a sounding board for the idea, and assure him of our approval of the plan.

Plans for the Christmas Party are rapidly approaching completion. The committee which is facing the toughest job is the finance committee headed by Romeo Poirier. If only everybody will just sell another few tickets, we can put on a party that will very easily surpass the Sunshine Special. We need your help, so don't let us down.

Once again we must call for stationery to help in putting out the Exchange Club News. Anyone who has not sent in stationery yet is urged to do so at once. Just leave 80 sheets with Leo P. Dube, Secretary. No envelopes are necessary.

Romeo Thibodeau is due to introduce Mr. Leslie Hall as guest speaker at next Tuesday's luncheon meeting. Mr. Hall is the engineer at radio station WLAM. He has not disclosed his subject as yet but we know that he served as a radar officer in the last war, which may serve as a clue as to his subject.
