INSIDE SPORTS by Walt Abbott

The picketeers of last Thursday apparently went for naught, as Commissioner Sullivan has remained adamant in refusing to issue basketballs. His reasons are "diversification of athletics" and "that's the way I've always done it." While this writer feels that it is the students perceptive to use any facility which he has helped pay for, I also adhere to the policy of respecting the Commissioner's rules. Meanwhile the chant:

"Two, four, six, eight;
We want basketballs to reinflate."

Say, Mr. Jackson, would you call this doggerel or verse?

Well, as I stated last week, I paid a visit to Coach of baseball Sturgeon in order to become enlightened as to the all American pastime. My general opinion was that he seemed quite disappointed, not discouraged, as regarding the team he might have had. It appears that he has lost several valuable members via the grade route and also by "just plain quitting."

Coach Sturgeon was telling me about the team in one ear, and Harold Moulton and Keith Weatherbie were offering their opinions in my other ear. To tell the truth, I haven't figured out whether Mr. Weatherbie is at UMP as a student or as an interpreter for Coaches Sullivan and Sturgeon. Well, anyway, here's the baseball preview:

First Base - D. Lent has the inside track via an improved attitude.

Second Base - H. Moulton (I couldn't believe it either!). However, Hal is, by far, the best hitter on the team. B. Bicknell, the old pro is competing fiercely. This columnist is a fan of Bicknells but who says I'm an authority? See? I even take cracks at myself.

Shortstop - S. Cummings is leading the pack here.

Third Base - D. Webber will probably open here. He's a converted outfielder. Hits pretty good.

Left Field - R. Bowie and B. Filio are battling each other for this position.

Center Field - Reliable Pat Feury here. Considering the pitching, it's a good thing he's fast.

Right Field - My boy, Jeff Trecartin, was standing out here, but he thought he was at home plate! B. Turkington looks good here.

Catcher - D. Emerson is the only receiver. Very good defensively. Jury still out on his hitting.

Pitchers - G. Morrill throws hard with something on the ball. Control is his weakest point. K. Weatherbie might start first game. Has good curve, but woefully weak on speed. J. Murray is a submarine pitcher. Considered for a relief role.

Summary from Coach Sturgeon, "Untested pitching, fair infield, good defensive outfield with hitting the top point on UMP's 1964 Baseball Squad." Key to this quote, could be on the first two words.

Should be an interesting season. Hope to see many students at the May 2 opener against the Maine Frosh.

Incidentally, trophies will be presented to the first place Maine Day track winners. Deadline for entries is April 27.

I'm afraid my editor will think I'm trying to dominate the UMPus is my columns run much longer, when, in actuality, I try to write interestingly of that which needs to be said. Oh, well an editor is supposed to have some headaches.

CIRCLE K PROMOTES "CLEAN-UP CAMPUS DAY"

A campaign to remind students to use ashtrays, wastebaskets, and trash containers was launched by Circle K on April 21, with attractive posters reminding students to take pride in the appearance of our buildings and grounds. The drive coincided with the opening of the new TV Lounge in the Student Union, gleaming with fresh paint, in marked contrast to the former appearance of the area, which had previously been a battle-scarred ping pong room.

DEADLINE FOR STUDENT COUNCIL PRESIDENTIAL NOMINATIONS IS TODAY, APRIL 22

The student post which can make or break campus spirit next year is that of Student Council President. The right person can gain cooperation from representatives of all classes, act as a steadying influence so that student funds will be spent to the greatest advantage of the entire student body, and provide leadership for the major functions, such as Mountain Day, the Winter Carnival, Maine Day, and other big events. It is a task which requires hours of work and planning, a level head, business acumen, and leadership ability. If really good candidates are nominated today, student activities for next year are virtually assured of success.

LANGUAGE LAB JOB AVAILABLE FOR NEXT YEAR

Ten hours a week of interesting work, conveniently scheduled, is available to some lucky student next year and $10 per week during school hours throughout the year is nothing to be sneezed at! See Prof. E. B. Fred Clark in his office on the second floor for details. This job does NOT require a language major, but it does require a person who can be depended upon to be prompt and regular in attendance, and possessed of the ability to run the tape machines intelligently.

NOTE: FEDERAL LAWYER TO SPEAK ON MAY 1

Under the able leadership of Aileen and Jim Carroll, and Paula Gibson, UMP's literary annual, the MACHIGONNE REVIEW, has been compiled and the copy is now in the hands of the printer. The Honorable Abram Chayes, Legal Advisor to the United States Department of State, will speak on "International Law and the Main Street Lawyer" at the Mayfair Room of the Lafayette Hotel at 8:15, Friday, May 1. The address is open to the public without charge.

According to the editors, every effort has been made to break through the stultifying influence of blind conformity. The editors promise that the REVIEW will be permeated with the spirit of creative individualism in its various poems, satirical essays, short stories, and lively articles.
