NAACP FIELD DIRECTOR SPEAKS AT UMP

On Tuesday afternoon, Mr. Thomas Allen, the Field Director for the NAACP in the New York and New England area, spoke informally about his experiences of the past summer as a civil rights worker in Mississippi. Although Mr. Allen was in Mississippi for nine weeks, the actual voter registration campaign lasted only six weeks. By asserting pressure when needed and with the help of federal registrars and the civil rights workers, (Continued page 2, column 2)

Last Wed. UMP's cross-country team defeated Husson 22-23. Dave Galli came in first, setting a course record for the second week in a row, with a time of 21:54 on the Deering Oaks course. The team also had runners in 2,4,5, and 10 positions. This ties the record for total wins and is a new record for the number of wins in a row. There will be a meet at 1:30 this afternoon at the Oaks against New England College.

Basketball tryouts are now going on. The team will be picked this week. A list of players will be in next week's Umpus.

P.S. There's a rumor that W.J.C. has swimming privileges from 9-12 Tues. and Thurs. in the YMCA. This is the same time that UMP students are allowed to swim. How about that?

NAACP FIELD DIRECTOR — from page 1.

the intensive voter registration campaign was indeed a success. One county reported 2400 additional voters while another nearly doubled its registration. Mr. Allen's county began with only 268 registered Negro voters and ended up with more than 3600 registered.

To begin his discussion, Mr. Allen pointed out that there was nothing in his background to prepare him for the exploitations and discrimination which he found in Mississippi. He found that Mississippi was at the bottom of the voting rights situation. Concerning the attitudes of the Negro and whites toward one another, Mr. Allen pointed out that the young adults were the most bitter and were, in most instances, fed up with the entire situation.

An attempt on his life was made not long after he arrived in Mississippi. There were many incidents in which the whites tried to force the civil rights workers to fight. The position of the workers was made more difficult by a law that says that anyone resisting assault can be arrested.

Allen ended his talk by saying that he was proud of the Negro people who had accomplished much in the voter-registration field within the last year and expressed his hope for additional successes in the future.

Of course, PSH has the cafeteria but at rush hours which are all day every day, space in the cafeteria is at a minimum also. Besides that, students should not have to use a cafeteria as a lounge.

A small lounge in PSH would help to ease crowded lounge conditions on campus. Why can't we have one?
