Dearest Daddy,

Summer's birthday cable came for you today, and I will send it to you as soon as I can.

His cable is full of the loving wishes that both of us feel for you very deeply. We want more than anything else in the world to be deserving children and to make yours and Mother's lives full of the rich companionship and happiness that you have given us.

Ever Happy Birthday and a marvelous vacation together with Mother.

all my love always,
John Barbara
