

# FASHION Show

Secretary's Report 1962-63

At the beginning of this, our most successful year, we started off right by swearing in our twelve new members. Our first paper drive was held in the fall, a very profitable one, too. The club sponsored ~~several~~ several dances during the year. The first one was our annual Dora-Dee dance, co-sponsored by Dora Phi. The proceeds went to save. On Christmas Eve, we held our annual Bermuda Supp, at which Steve Lewis introduced a new idea; knee-length legs. Again the profits went to a good cause: us. In January we took a trip to Boston to see the Celtics, almost. We also co-sponsored a dance with S.C.U. later in the year. We held a swim party at the Y. in the winter and it was one of the most enjoyed events of the year. Our annual spring formal was held May 4<sup>th</sup> at Westastogo Inn in Yarmouth and, in keeping with the trend of this year, was our most successful one ever held. <sup>and at which Dick Spear was announced as next year's president.</sup> The club newspaper came out in the spring after many months of anticipation as to how successful the newspaper would be. Naturally, it was successful, being produced under the direction of the Bruce Greeley of the Macabee Club. The increased size of the club made it possible this year to adopt an intramural sports program. Along with the swim party we had three football games in the fall, a basketball game against the members in Lewiston-Auburn in Lewiston, and a softball game which was lost by Phil Lewis's team in spite of Dick Spear's hitting and because of Lewis's timely grounding out to <sup>the</sup> pitcher to end the last ditch rally. The year was brought to a close by the banquet at the Cascades which was attended by the members, advisors Mr. Fremont, Mr. Blumenthal, Mr. Spear and Mr. Speigal. The final biggest event of the year was the four day weekend at the Old Orchard Beach. No club member can say he didn't enjoy the track meets and baseball games on the beach in the daytime and the nighttime fun on the pier and at our house. I'm sure everyone enjoyed seeing Eric set his records, Burns's cake, and the managerial change of

Burns's readers on Sunday morning. Our final event  
of the year is our annual outing which is sure to be  
enjoyed by all, as it always is.

Respectfully Submitted,

Phil Seane, Sec.
