Gorham Maine.

March 7th 99

My dear Ernest:-

We got here

all right on the one

o'clock train. When we reached

Gorham Station we found

all the train girls waiting

for the train from Rochester

so we knew there had been

but one session. We got up

to the Hall in time to get

some dinner. The storm

does not seem as bad

this way. There is a great

[Page 2]

deal of snow but not as

much wind as there

was when we left home.

How did you get up from

the station without freezing?

The trains from Rochester

are a little late this after-
noon.

Last night there was a
lecture given by Hon. Mr S[--]ney
in the Cong. Church. Mr.
Corthell let all the girls
go so they did not keep
study hours at all
last evening.

Mr. S[--]ney is the man
that gave the lecture

[Page 3]

at home last Memorial day.

His subject was "My Trip Abroad."

The girls said it was lovely.

Tell mamma that I found a
letter from Floss waiting for
me. She has not been sick but
has been away visiting. I shall
have one of her pictures soon.

We have to keep study hours
this afternoon from two until
half past three so I must go to
studying.

You must write to me.

Good bye

Harriet
