

My dear Mauriana

We got here all right

This P.M. and I have finished my waiste

all that there was to be done.

Charles met us at the station.

Mr. Corthel is very sick and so he does

Not have any of his classes.

We have not ~~had~~ missed much and

There are a good many of the girls who

Have not come back.

Grace came at noon. She was on the

Train when we got on but I did not see

Her until we got part way _____ to Gorham

I think I took nearly everything that

I wanted. I have not missed anything

Yet.

I hope your back and _____ I will feel

Better soon. I am very sorry you had

To hurry so this morning and I hope

You did not get tired.

My eyes are aching a little this

Afternoon but I guess it was being

Out in the wind.

Don't hurry about finishing that

~~E~~-collar.

Charles told us that we had not got

To work hard this _____. I guess the

Work will be easier than it has

Ever been here as we have no

Mathematics that used to take most

Of our time.

Well I have got to find out

About my lessons and do some

studying before supper time so thinks

I had better send this letter down now.

With love to all

Harriet
