

that night as the
first one did not
stop. There were several
teachers & students on
the train & quite a
crowd when we got
to Westbrook Jct. Of
course there a good
many who came
out on the train from
Portland so you see
there were about forty
of us here at supper
that night. I think
that more came back
that night than I
ever saw at once
at a time before.

[201] 'Roby Hall'
December 7th
My dear Mamma:- I am
going to take a few
moments to write to
you before I begin
to do my studying.
Nothing exciting going
on. It is a little colder
than it was before we
went home and it
seemed yesterday but
it has melted some-
to day.
Grace and I took a
long walk to night
before supper and
it seemed quite cold.

Mr. Stetson & Mr. Knowlton were here
Tuesday so that some arrangements
for the graduation have been
made. ~~Mr.~~ Slewellyn Powers, his
honour, is going to present the
diplomas and there is to be
some speech making but I
don't know when. The reception
will be the night before we come
home which is Thursday.

I don't know when the graduation
is to be ~~at~~ ^{on} where it will
be. They are to have singing
by a chorus which is rehearsing
now so I think there will be
exercise of some kind.

Carrie is coming over to spend
Sunday with me this week if
nothing happens.

How are you getting along
with my dress?

Emmie & I had to wait until
half past five for the last train

They did not make
us keep study hours
so we had a pretty
good time that evening.

Our Algebra is awful
hard and we have
to spend about two
hours a day now
lessons so I think
I had better stop
writing now and
turn to my studies
as I have not done
any studying since
school.

If Carrie is over
Sunday I may

not write until the middle of
the week so don't expect a letter
pace thinks of Helen out soon
so I guess we shall have a
good time between now and
Christmas.

With love to all
Harriet.

I have not sent for that Perry
Magazine yet and don't know
as I shall.
