Birdsong Farm is a workshop and retreat center in Southern Maine, 20 minutes from the ocean, an hour from Portland and 2 hours from Boston. The "magic" of the farm is the place itself—the 100-year old farm house, the barn, vegetable garden, 11 acres of land—and in the people who are drawn to share its energy. Each person who visits the farm builds and rekindles its magic and in turn leaves with a sense of abundance.

"HARVEST"...CREATING A COLLECTIVE RITUAL
A workshop for workers in theatre, music, visual and verbal arts, and anyone open to creativity and collective work. We will spend 5 days creating a harvest celebration, using myths, music, visual arts and improvisation. We will explore what is possible and special about creating in a group, as a group. How can we function in a group as individual artists? How can we help each other push deeper than we might do alone, so that the truest myths/stories/images are born? The workshop will culminate in a Harvest celebration, a day long ritual/myth/performance at Birdsong Farm, Aug. 21 at 8 PM.

The workshop will take place: Wed. Aug. 17, noon through Sun. Aug 21, 8PM
Facilitator, Gina Kelly, Portland School of Art
Fee:$100 for 5 days—incluces room & board. Some scholarships may be available.
To register: Send $50 deposit, name, address, phone # to: Birdsong Farm, Box 143, N. Berwick ME 03906 (deposit refundable to 7 days prior to the workshop.) Balance of the fee is payable on arrival.

HARVEST CELEBRATION, AUG. 21

Sunday, 11am–8pm. This will be a day of exploring the many levels of the Harvest. All friends of the Farm and new friends are invited to join together for this day of stories, myth and ritual; magic is afoot! Bring Harvest food and your stories as we mark the turn of the season and 10 years at the Farm.

MAKING A SOLITARY JOURNEY TOGETHER: A Retreat for Writers and Artists, August 8–14. This workshop provides a place to generate individual and collective creative energy, to talk with people in a variety of fields at levels from beginning to professional, to reflect and to germinate ideas for new work, to continue, refine or complete work in progress, and to share and critique one another's work in a direct and caring way. The group meets each day to focus, share work and talk about the creative process and the context(s) in which we do creative work. Most of each day is spent in silence and individual work. In the evenings we eat, play, and process the day. Facilitator: Cynthia Finn. $240 for seven days. The number of participants is limited to ensure reasonably private work space for everyone. Some scholarships available. The workshop will be held at Birdsong Farm, North Berwick. Call Pam Annas, 676-4038.

Please join us in this spirited, light-hearted, sometimes humorous celebration of our lives. The following article should have appeared in the July issue of The Common Scold. We apologize to Roberta and our readers for the oversight. We had it - we "buried it" - and we found it again. Again, our apologies.

Gay Rights

by Roberta Hickman

The 111th Maine State Legislature has killed the Gay Rights bill. Despite the historic support of the Judiciary Committee and the Senate, the House defeated the bill 101 to 37. Below is an account of the House debate. It is important to report what was said by whom. There is much to be learned from this: concerns, attitudes, beliefs and most importantly, who the vocal proponents (*) and opponents (-) are.

Larry Connolly (*Portland), sponsor of the bill, pointed out the bill's merit as a human rights act. It would not advocate or promote homosexuality. Separate laws exist which govern illegitimate behavior. As a Democrat, he challenged Republicans to see the passage of the bill consistent with the GOP's long-term fight for minorities' rights. He suggested that fear of reprisal among constituents inhibited a vote for justice. If a secret ballot were taken, the bill would pass.

James Dudley (-Enfield) stated, "If the 'great creator' had wanted homosexuals, we would only need one sex." He was very certain he represented the majority of his constituents. Edward McHenry (-Madawaska) said, "Homosexuality is a sickness. These people need help. Give them the right to be treated."

Harlan Baker (*Portland), co-sponsor, pointed out that the American Psychiatric and Psychological Associations had removed homosexuality from their list of diseases and disorders in the '70's.

Barry Hobbins (*Saco) said the bill would protect both heterosexuals as well as homosexuals. "Without it, fear (of recrimination) is generated on both sides." He said the bill would not lead to gay teacher recruitment or family unit decline. Homosexuality is not a learned behavior and current school boards prohibit evangelical promotion of any type of lifestyle. If an affirmative vote posed a political liability, he wondered why he had run unopposed despite his vocal support for the bill. He emphasized the need for the bill by stating that last year, over 50 cases had to be turned away by the Human Rights Commission. He said, in the past, fear of the Irish, Blacks, Catholics and Jews led to an abhorred Third Reich mentality which is intolerable in this modern, human rights oriented world.

Norman Racine (-Biddeford) suggested this bill would invite additional work for the HRC, and that employers would have to defend actions taken. He said constituents' phone calls had not given instances of discrimination and, therefore, he saw no need for the bill.

McHenry stated, "The Board of Psychiatrists (board unknown) has proven that homosexuality can be cured."

Edith Beaulieu (*Portland) spoke as a mother and woman who would never deny anyone their civil rights for any reason. She said that the majority of women's groups support this bill.

Sharon Benoit (*South Portland), co-sponsor, countered Racine's concern for a HRC overload by stating that the same things had been feared about the antidiscrimination amendments for blacks and women. She referred to testimonials from the Judiciary Committee's public hearing which clearly demonstrated cases of discrimination and fear. She said a mother who testified would like to be assured her children would be protected from discrimination should one of them be gay. She said many clergy spoke in favor of the bill. "Toleration is good for all, all of god's children."

Baker said that without this amendment, the State was giving permission for a "witch hunt." With passage, there would be recourse, for heterosexuals falsely rumored as gay, too.

Nancy Masterton (*Cape Elizabeth) traced a history of equal rights amendments. She expressed a concern that if this bill were not passed, her "own freedom (would be) diminished." She challenged the House to "write history...and to temper (the vote) with justice and mercy for all."
Nathaniel Crowley (-Stockton Springs) wondered how anyone would be able to prove in court whether one was truly homosexual. Hobbins replied, "How would you not be able to prove it?"

John Joyce (-Portland) said he "stood proud to oppose (the bill)" and that for the first time if this bill were to pass, the Human Rights Act would be protecting a type of behavior. He envisioned widespread recruitment in the schools.

Benoit relayed her experiences as a public school teacher. "Surely you jest, Mr. Joyce. How many of you really believe a teacher would stand up and say, 'I am a homosexual. Isn't it a great way of life'?" She stated teachers are very closely scrutinized. They must be extremely careful on matters of much less concern than homosexuality.

Tom Andrews (*Portland) countered Joyce's statement. "Religion is a behavioral condition which is protected by the current Human Rights Act."

Robert Carrier (-Westbrook) said this was a "bad bill." He said he knew what the cause of homosexuality was but that "it was too dirty to bring up". He felt the solution to the problem was self-discipline, that if you lead a good, moral life, you will get your reward in the end. He said that all gays are sad. "Whatever we do won't help them." He named Portland as the "gays' stopping-ground". He said that if this were the right thing to do, then why do the armed forces still prohibit this "animalistic behavior".

(Ed. Note: Roberta included a listing of those House and Senate members who voted in favor of the bill. Due to constraints, we could not print the whole list.)

It may have been a true act of courage for some to have voted the way they did. In speaking with many, I was truly impressed by their genuine disappointment with the bill's failure. Please let them know you are thankful for their support. (Ed. Note: To find out if your Senator and Representative voted for the bill, contact Roberta, 623-2125 or Diane, 799-6905, or ask your legislator.)

Under English Common law, "common scold" was a criminal charge levied against "women addicted to abusive speech." Men could not be so charged. We name this newsletter "The Common Scold" to honor all of herstory's scolds. We honor the women who dared to speak their minds, the women who dared assert themselves, the women tried and convicted by all-male juries. Let us all be guilty of the charge "common scold."

WHAT IS THE WOMEN'S ENCAMPMENT FOR PEACE AND JUSTICE?
The women's encampment is an action to bring women together to protest the Cruise and Pershing II missiles. It is inspired by the women's peace camp at Greenham Common, England and those protesting all over Europe. Women from all parts of the United States and a variety of backgrounds will gather in a large outdoor camping area to say No to war and Yes to life. We will conduct workshops on such topics as racism, sexism, social and economic justice, non-violence, homophobia, women's history, feminism, military conversion and conflict resolution. We will explore our common ground and differences as women of color and white women, as lesbians and straight women, as differently abled women, and as old and young women.

Women are encouraged to come to the camp for a day, a week or all summer. Donations of camping equipment, transportation, and especially time and money are needed. Work in your local area doing outreach, fundraising and arranging transportation for women in your community.

The encampment is from July 4 through Labor Day. The tenting area will be located near the Seneca Army Depot, in Romulus, New York, 15 miles from Geneva, about 37 miles from Ithaca and 60 miles from Rochester. There are bus lines to Geneva and a shuttle will be maintained to the camp. There will be childcare at the camp, if you plan to bring a child call for more information.

This summer is a crucial time for women to demonstrate their opposition to the deployment of new nuclear weapons in Europe and to express their belief that there is a better way to live in the world based on respect and compassion for all living things — people, animals, the earth itself.
