OCEAN HOUSE,

The subscriber would inform citizens and strangers—the public generally—that he has made arrangements to accommodate Fishing and other Social Parties, and transient visitors, at the familiar locality, near the pitch of Cape Elizabeth, now called the

OCEAN HOUSE.

The place as is known to many who have visited it, is eligibly situated for the enjoyment of sea sports and the invigorating air of the ocean; and for picturesque scenery, will compare favorably with the most celebrated

WATERING PLACES of the NORTH,

affording as it does, views of every variety, from the rugged reefs, bold headlands, far reaching sandy beaches, and surging waters of the Ocean, to the calmer views of cultivated fields, orchards, and woodlands; whilst the ride from Portland, is decidedly the finest out of the city, the road being excellent, and scenery ever changing, and always pleasing.

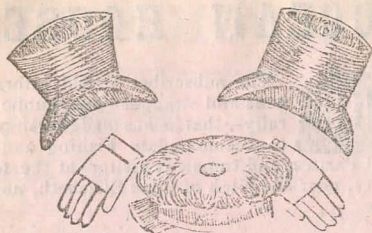

SEA PERCH OR CONNERS,

and all other kinds of Fish common to our sea shores, may be caught in abundance from the neighboring reefs.

And for those who wish for deep sea fishing, good Boats with Skillful Managers will be furnished.

☞ Open every day of the week, Sundays excepted.

New England Wire Railing Company,
T. TOLMAN & SON, Agents,
 PORTLAND.

RESPECTFULLY invite attention to a new article of patent Iron Railing, manufactured exclusively by themselves, of Wire or Rod Iron, of any desired size, securely fastened in heavy wrought or cast iron posts.

This article is admirably adapted for enclosing cottages, cemeteries, public grounds, gardens, &c., for balconies, columns, cornice work, summer houses, arbors, arches, verandas, window guards for banks, stores and private dwellings, lattice work, grating for sky lights, tree boxes, &c., and in fact for all purposes where iron railing is required.

The comparative lightness, great strength and durability of the

WIRE RAILING,

the beauty of its varied ornamental designs, together with the *extremely low price* at which it is sold, are causing it to supersede the cast iron railing wherever their comparative merits have been tested. It is furnished ready for erection at prices varying from 35c to \$2.50 per lineal foot. For further information, pattern of designs, &c., apply to **T. TOLMAN & SON, Agents,** junction of Middle and Federal Streets.

PREFACE.

WE come before the Public with the third number of the PORTLAND REFERENCE BOOK. We have spent much time and taken great pains to render it correct, and believe with the exception of some easily detected typographical errors, the like of which, between printers and proof readers, will find their way into all books, that it is correct as a work of the kind can well be made.

In the portion of the Book appropriated as a CITY DIRECTORY, there may be occasionally a name omitted, but not from any want of attention on our part. Careful men have been employed to canvass the several wards, and we believe there is not a house in the city where inquiries have not been made as to the residents.

The returns thus obtained, have been compared with other lists, and such omissions as we could detect, have been corrected. Errors in this respect generally rest with the inquired of, and not inquirers. We have known wives to forget that they had husbands, sisters to forget that they had brothers, &c, &c, especially when they supposed that a tax bill or a notification to do military duty might be in the offing !

The statistical portions of the Book are not in any way derived from previous numbers, but are entirely new, and will be found considerably more elaborate than we have heretofore made them. The record of events has been

PREFACE

continued from the last number, so that in the present volume it completes a brief history of our city for the six years up to Jan. 1, 1850, which, if preserved, will in time, be of much value, more especially as it is our intention to continue it in future numbers, unless indeed, we find the receipts from the sale of this work, &c., inadequate to pay its expenses. And here it is not improper for us to say, that thus far our compensation for our labor has not been equal to day-laborers' wages.

Our design, in short, has been, to make the Portland Reference Book a work that will be valuable to preserve for *future* as well as present, reference.

S. B. BECKETT.

THOMAS TOLMAN & SON.

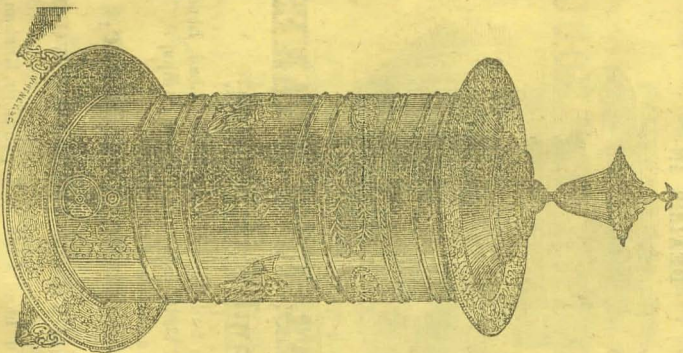

O. S. HARTSHORN,

294 Congress St., (a few doors from Center St.)

Dealer in stoves of all kinds, among which is the celebrated

REPUBLIC COOKING STOVE,

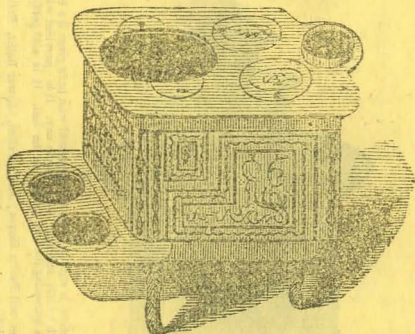

which is better adapted to burning coal than any other stove. It will burn wood equally as well.

For beauty, this stove is unsurpassed, while its operation is such as to render all pleased who have given it a trial. With good coal, a fire may be kept for several weeks, with a little attention from day to day: It is provided with a gas burning apparatus, by which the gas is consumed, thus increasing the heat and saving the fuel. It is also perfectly free from dust.

Also for sale, a general assortment of Cooking, Chamber, and Parlor Stoves; Refrigerators, Shower Baths, Bathing Pans, Coal Hods, Scoops, and a full assortment of Tin Ware.

DR. MARSHALL'S
Aromatic Catarrh and Headache Snuff.

This Snuff has proved the most effectual remedial agent known to the Medical Faculty for

Cold in the Head, the Headache,

AND

All Catarrhal Affections.

It relieves the patient of *Giddiness or Dizziness in the Head*—of all WHIZZING or BUZZING SENSATION, such as are produced by too great a flow and pressure of *Blood upon the Brain*, cures the headache, and is the only agent upon which you can rely with confidence for a COMPLETE, RADICAL CURE of that most troublesome disease

THE CATARRH.

It cleanses, strengthens and restores to healthy action all those organs and membranous passages of the head, the *obstruction* of which produces pain in the *Forehead* and region of the *Eyes*, a sort of snuffling in the nose, a sense of matter, dropping from the head into the throat, &c.

All these it cures easily and speedily, and the

Most Confirmed cases of Catarrh,
it usually cures in a FEW MONTHS.

It is an unfailing cure for BLEEDING AT THE NOSE, if persevered in but a short time.

Sold at wholesale and retail by Druggists generally—by many agents throughout the country.

DEAD SHOT for BEDBUGS.**SLEEP IN PEACE.**

A NEW PREPARATION and sure Exterminator of those noxious vermin that disturb our nightly rest.

In consistence like a paint or varnish, it dries on to and remains in contact with whatever it is applied to, and for months is as efficient for the destruction of any of the vermin, or their eggs, that may escape the first destruction, as on the day of its application.

ONE THOROUGH APPLICATION annihilates, and puts forever out of the way those *noxious, crawling, biting, tormenting* invaders of our nightly quietude. Try it, and you shall

H. H. HAY,	
A. CARTER & SON,	

Why Don't You Cure That COUGH?

That COLD or that FEVER has left you with a bad COUGH—debility—pain in the side or stomach—premonitory symptoms of decline.

Use 'Down's Elixir.'

You can rely upon it for a cure with more confidence than upon any other known remedy.

If disease of the lungs has been long seated, do not be too impatient for instantaneous relief. Although, in many cases, you feel immediate relief, still, in others, more time may be required to effect a change in the system; but persevere in its use a short time, and its good effects will be apparent.

For WHOOPING COUGH it can be relied upon with more confidence than any other known remedy, to break up the disease and save the labor of hard coughing.

For the cure of every species of Lung Complaint it has proved wonderfully successful.

☞ Be careful to inquire for

N. H. Down's Elixir.

Messrs. Bradford, Cummings, and
O'Brien.**MORTALITY OF PORTLAND.**

The whole number of deaths, in the city for the year ending March 31, 1848, as per return of the Superintendent of Burial Grounds, was 359.

The whole number for the year ending March 31, 1849, was 409—227 males, 182 females. Of these 8 were over 80 years of age, 41 between 60 and 80; 53 between 40 and 60; 73 between 20 and 40; 49 between 5 and 20; 185 under 5; 32 still born.

The whole number for the year ending March 31, 1850, was 481—231 males, 250 females. Of these 13 were over 80 years of age; 44 between 60 and 80; 50 between 40 and 60; 80 between 20 and 40; 71 between 5 and 20; 223 under 5—32 still born.

By referring to previous numbers of this reference book, it will be seen that the increase of mortality has been much larger for three years past than can be accounted for by the increase of inhabitants. Previous to the year ending March 31, 1848, the average number of deaths was about 1 for every 70 inhabitants per annum. During the last 3 years, supposing the minimum number of inhabitants to be 19,000, the proportion will be about 1 for every 45 3-5; and during the last year, supposing the number to be 20,000, the proportion was about 1 in 41 2-5.

The increase of mortality however has been quite as great in other places. In Boston where the proportion of deaths was formerly 1 for every 41 inhabitants, the number the past year was 1 in 26.

These officers, with twelve other Ladies, constitute the Board of Managers.

The average number of Children supported is not far from twenty-five.

The Institution has till recently been mainly supported by the annual contributions of citizens. It holds property, free of encumbrances as follows—

Asylum building, valued at	\$3,000
21 Shares in Canal Bank,	2,100
City of Portland 5 per ct Stock,	,700
5 Shares in Portland Saco and Portsmouth Rail Road, (bequest of the late Parker Mc'Cobb,	,500
Bequest of late Asa Clapp, left in trust of the City Authorities as a perpetual loan, with the proviso that they shall always pay 6 per ct. to the Asylum,	8,000
	\$ 14,300

Besides these amounts, the Institution has the prospect of becoming possessor of one eighteenth of a township of land in Piscataquis County, a bequest of late Samuel Bradley; which

owing to difficulties arising in the settlement of the deceased's estate, has heretofore been considered nugatory.

Also, a legacy of \$1000 left by the late Hezekiah Winslow, not to come into the possession of the Institution during the life of his widow.

PORTLAND GAS LIGHT COMPANY.

A Company with the above title, was organized Jan. 1, 1850, pursuant to an Act of Incorporation granted in 1849. The officers chosen were

John A. Poor, President.

John A. Poor, Charles Jones, James T. McCobb, Abner Lowell, Thomas Cummings, Directors.

Henry B. McCobb, Clerk and Treasurer.

Capital Stock \$100,000.

The works of the Company are to be erected at Clark's Point, near the outlet of Cumberland and Oxford Canal; and a contract has been entered into with Francis O. J. Smith, for their completion by the first of July 1850; but the progress already made, and the well known efficiency and dispatch of the contractor, indicate that they will be finished at an earlier period; so that it is not improbable that some of our streets will be lighted with gas by the first of June, 1850.

PORTLAND COMPANY.

This Company was incorporated August 8, 1846. Its object is the manufacture of Rail Road Cars, Locomotives, and Machinery, of various descriptions, mostly connected with the requirements of Rail Roads.

Its works are located on made land, on the harbour side of the city, near the entrance of the Eastern Promenade, and adjoining the bridge of the A. & St. L. Rail Road, with which they are connected by a branch bridge, so that cars may be run directly from the works of the company into the Rail Road Depot.

The main building of the company is 300 feet long by 62 wide—the Car house 150 feet in length by 60 in width. The location is considered one of the most eligible for a manufactory of this description, in the United States. It is convenient to the business of the city, and at high water, vessels drawing ten feet can lay along side the breast work. The works of the Company are susceptible of being greatly extended—as less than one half the land owned by them, is occupied.

The Board of Directors, chosen at the annual meeting 2d Tuesday in July, 1849, are

John A. Poor, President.

George Warren, J. B. Cahoon,

A. W. H. Clapp, Charles Jones,

Horace Felton, T. R. Jones,

Horace Felton, Superintendent.

James C. Churchill, Clerk and Treasurer.

CUMBERLAND AND OXFORD CANAL.

This Canal extends from Portland, near the commencement of Clark Street, to Sebago Lake, a distance of twenty miles. It was finished in 1829, at a cost of \$211,000. Sebago is united with Long Pond, by Songo river and Brandy Pond, and a water communication is thus furnished with the interior, of more than fifty miles. The Canal passes through the towns of Westbrook, Gorham, Windham and Standish; and during the boating season, an extensive business in lumber, cord wood, &c., is done with these places and the flourishing towns bordering on the connecting lake and ponds, above.

The scenery along the Canal, and throughout the whole extent of this water communication, is highly diversified and picturesque.

PORTLAND SUGAR HOUSE.

Although this establishment is in the possession and under the management of a single individual (Mr. J. B. Brown) it is one of the chief objects of business interest in our city, both from the magnitude of the buildings comprised under the name, and the extent of the works carried on within them.

The first building was constructed in 1845. It is 90 feet in length by 50 in width, four stories high. In 1848 a second building was put up, of the same dimensions on the ground, carried two stories higher, and the two buildings were connected by a wing of height and width proportionate.

The business carried on heretofore has been solely the manufacture of Sugars, from molasses imported from the West Indies. These sugars are remarkably clean, and will otherwise compare favourably with the various styles of brown sugars in the market. They are of two qualities, A, and A A.

Recently machinery for refining by steam has been added to the works, and Mr. Brown is now enabled to turn out superior qualities of the finer grades of sugars, Whites, Straw Colored and Yellow. Sixty hands are employed in the establishment, and an average of about one hundred barrels of sugars are made daily.

These works are located on and near York Street, just above its junction with Danforth Street—adjoining the harbour, and in their rear is a spacious stone wharf, principally constructed since the first building was put up, with sufficient water at a high tide for floating the largest of the class of vessels engaged in the West India trade.

The enterprising proprietor imports the RAW MATERIAL in his own vessels, lands it on his own wharf, and manufactures it and puts it up ready for sale in his own establishment—and a more complete and commodious one for the business carried on could not be arranged.

PORTLAND STEAM PACKET COMPANY.

This Company, in accordance with the provisions of an Act of Incorporation, was organized in the spring of 1844. Their object was to establish a communication between this place and Boston, by means of steam propeller boats, chiefly for carrying freight. Their capital stock, comprised in the two propellers, the Commodore Preble and Gen. Warren, the side wheel steamer John Marshall, and the pier known as the Custom House Wharf, cost little over \$80,000, and is held in shares of \$300 each.

The Com. Preble, was built in the winter of 1843 and 4, at the yard of Mr. Lemuel Dyer, and made her first trip to Boston, May 15, 1844. She is 283 tons burthen.

The Gen. Warren, was built in the summer of 1844, at Dyer's Yard, she is 309 tons burthen.

The John Marshall, was built in New York in 1845, she is 450 tons burthen.

The Com. Preble is commanded by Capt. Cyrus Sturdevant, the Gen. Warren, by Capt. Geo. Knight.

DIRECTORS.—Wm. Kimball, President.

Charles Fobes, and M. Sanford.

J. B. Coyle, General Agent, Joseph Brooks, Agent in Boston.

NEW YORK PROPELLERS.—There was a project on foot in Feb. 1850, to establish a communication direct between this port and New York, by means of two propellers of 500 tons each, which bid fair on the first of March to be successful.

RAIL ROADS.

ATLANTIC AND ST. LAWRENCE RAIL
ROAD.

This enterprise is by far the most important that has ever engaged the attention of the people of this section. Its object is to connect the city of Montreal, L. C. with Portland, thereby furnishing to the former, a NEW PORT OF ENTRY: a port among the most safe, convenient and easy of access, connected with the American continent; and on the other hand, opening to the people of Portland and of the State, a direct channel to the vast grain growing regions of the West.

On the part of Maine, a charter was granted February 10th, 1845—title as above—capital stock \$3,000,000; and the charter, of so much of the route as traverses the province of Lower Canada, was obtained from the Canadian Parliament, March 17, 1845, title St. Lawrence and Atlantic Rail Road,—Capital Stock, £600,000.

The Company of the MAINE portion of the route was organized September 25, 1845. The ceremony of breaking ground, was observed on the 4th of July, 1846; the site, the dilapidated bastion at the Eastern point of Munjoy's Neck, known as Fort Lawrence.

By a Convention entered into by the Canadian and Maine Boards of Directors, April 17, 1846, the whole road is to be built of an elevation sufficient to prevent obstruction from snow and ice, the gauge to be 5 feet 6 inches in the clear between the rails; and the rails first laid to be placed with the view to a double track.

The road at this end of the line, is finished to Paris Cape, a distance of forty-seven miles, and a contract was completed on the 8th of January, 1850, with Messrs. Wood, Black & Co., to build, furnish rails for, and put in running order, the remainder of the distance to the line, at a rate of \$26,200 per mile. By this contract the road is to be open to Bethel in December 1851—to Gorham, N. H., in July, 1851, to the Connecticut River in December, 1851, and the remainder by the 1st of Jan. 1853.

The Canadian portion of the line is open to St. Hyacinth, a distance of thirty miles, and an arrangement has been entered into with the same firm to complete the entire route to its junction with the MAINE Road, on similar terms, and within the same time, so that we may expect to have the entire line opened from Portland to Montreal within three years.

ANDROSCOGGIN AND KENNEBEC RAIL ROAD.

Chartered March 28, 1845, and opened for passenger travel December 3d, 1849. It is constructed on the broad or 5 1-2 feet gauge, and connects with the Atlantic and St. Lawrence Road at Danville, twenty seven and a half miles from Portland, thence running to Waterville, a distance of fifty five miles.

This Road will soon be continued on to Bangor,—a charter for the purpose having already been obtained; and will ultimately be extended to Calais and Eastport—thus forming a portion of a great central thoroughfare for the State. It possesses many advantages for business, and will be highly attractive to the tourist for the fine water scenery developed along its course.

Stages leave Winthrop for Augusta and Hallowell daily, on arrival of both trains from Portland; and leave Augusta daily to carry passengers to each train leaving Winthrop.

The 2.30 p.m. train from Portland connects at Winthrop with stages for Wilton; and at Readfield with stages for Readfield Corner, Fayette, Mt. Vernon, Farmington.

Stages from Bangor connect with both trains arriving at and leaving Waterville.

Stages from Skowhegan, Norridgewock, Anson and Solon connect with the morning and afternoon trains leaving Waterville, and with the noon trains arriving there.

A Stage also runs in connection with the cars between Waterville and Belfast stopping at China and Vassalboro.

The Directors of this Board elected in 1849, are

Timothy Boutelle, of Waterville, President.

John Ware, of Athens,

Samuel Taylor, Jr. of Fairfield,

Solomon Jenness, of Readfield,

William Goodenow, Portland,

BUCKFIELD BRANCH RAIL ROAD.

Virgil D. Parris, President.

B. F. Parsons, Treasurer.

This Road was authorised by Act of Incorporation July 22, 1847—put under contract its entire length, thirteen and a quarter

miles, October 24, 1848, and opened for passenger travel Jan. 15, 1850. It connects with the Atlantic and St. Lawrence Road, at Mechanic Falls, 37 miles from Portland, and runs through West Minot to Buckfield. It is of the same width of gauge as the Atlantic Road, five and a half feet.

Oren Spaulding, Conductor.

THE ANDROSCOGGIN RAIL ROAD.

This is a new enterprise, chartered in 1848, to connect with the Lewiston and Waterville Road at Leeds, about eleven miles from Lewiston, and thence to run upon the east side of the Androscoggin river, through Livermore, to Jay Point. In 1849 its charter was enlarged, with power to extend the line through the important towns of Wilton and Farmington, by the valley of the Sandy river to Philips—the whole distance from 45 to 50 miles.

About 20 miles of the lower portion of the road were put under contract in the fall of 1849—the expectation being to complete that portion in two years.

The President of the company is Dr. A. Garcelon of Lewiston. W. A. Williams, Chief Engineer.

KENNEBEC AND PORTLAND RAIL ROAD.

Reuel Williams, of Augusta, President.

Joseph McKeen, of Brunswick, Treasurer.

This road intersects at present with the A. and St. L. Road, at Yarmouth, 12 miles from Portland; thence it runs to Freeport, 18 miles, thence to Brunswick 26 miles, where a branch strikes off to Bath, a distance of 9 miles—making the whole distance opened 23 miles—or from Portland to Bath 35 miles.

The entire road to Augusta is under contract, and the work of grading is nearly completed to Richmond, so that it is expected the cars will run to that point early in the summer of 1850. The remainder of the road, likewise, is in process of construction and will probably be finished by the fall of 1850.

The portion of the road between this city and the "Yarmouth Junction," is also under contract for building. Its terminus will be on the new made ground Back Cove, where a magnificent depot is to be erected 500 feet long, to accommodate this and the "York and Cumberland Rail Road."—This Road is built on the narrow or 4 feet 8 1-2 inch gauge.

James Hall, Chief Engineer and Superintendent.

Geo. Stanley is Conductor on the portion of the Road now open.

At Brunswick, a line of stages connects with Gardiner, Hallowell, Augusta—leaving Brunswick at 4 p. m., on the arrival of the 2d train from Portland.

At Bath, stages connect for Wiscasset, Damariscotta, Waldoboro', Thomaston, Belfast and Bangor.

Another line meets the morning train at Bath, for Augusta and intermediate towns.

YORK AND CUMBERLAND RAIL ROAD.

A charter for a Road with the above title was obtained July 30, 1846.

It is to run from Portland, through Westbrook, Gorham,

Buxton, Hollis, Waterborough, Lyman, Alfred, Sanford, North Berwick and Berwick to South Berwick, where it will connect with the Boston and Maine Rail Road; it will be constructed on the narrow gauge. The Directors at their meeting 27th of December 1849, chose

F. O. J. Smith, President.

John A. Poor, Vice President.

Toppan Robie, Treasurer.

David Hayes, Clerk and Secretary.

At this time the means at the command of the Company, was reported sufficient to complete the road to Gorham, by the 1st of July 1850.

The road is to approach the city from the West, and a depot is to be constructed upon the flats now being filled in Back Cove, to extend from Chesnut to Pearl streets, 500 feet in length by 120 feet in width, with an 80 feet street on each side, to be in common with the Kennebec and Portland Rail Road.

Hon. F. O. J. Smith and the Messrs. Clapp have contracted to furnish the money to build this Depot, and it is intended to make it one of the most specious and elegant structures of the kind in the country.

A. P. Robinson, Chief Engineer.

MAGNETIC TELEGRAPH.

Two lines of Telegraph, have their termini in Portland.

The line running Eastwardly, called the Maine Line, has its terminus at Calais, but there are intermediate stations at Bath, Damariscotta, Waldoborough, Thomaston, East Thomaston, Belfast, Bangor, Ellsworth and Calais.

It connects at Calais, with the New Brunswick line, and through the intermediate stations of this line (at St. John's, Bend of Peticodiac, and Sackville,) with the Nova Scotia line to Halifax.

The line extending Westwardly runs to Boston; and thence by various otherlines to the extremes of the U. S. and Canada.

EVENTS IN PORTLAND AND VICINITY,

(Continued from the last Directory.)

JULY—1847.

1st. News was received that the Mexicans had made propositions of peace to Gen. Scott.

2d James K. Polk, President of the United States, visited our city to-day, accompanied by the U. S. Secretary of State James Buchanan, Edmond Burke, Commissioner of Patents, and other distinguished gentlemen, and was received with the firing of cannon, ringing of bells, and other demonstrations of joy, customary on such occasions. The weather was fine, and the President and his suite, as they rode along, expressed themselves highly pleased with our varied and beautiful scenery. They dined at the U. S. Hotel, and left in the afternoon, between 5 and 6 o'clock, in the steamer Huntress, for Augusta. A correspondent of the Boston Post, estimated that there were 25,000 strangers in our streets, during the passage of the Presidential procession.

4th. Between 12 and 1 o'clock this morning, the President and suite returned from Augusta, and repaired to the lodgings provided for them by the city authorities, at Mrs. Jones's. The President attended religious services, at the 1st. Parish (Dr. Nichols's) in the forenoon, and at the 2d Parish, (Dr. Curruthers's in the afternoon.

5th. Yesterday being Sunday, the celebration of the anniversary of our National Independence was deferred till to-day. The Presidents' departure, which took place about 6 o'clock in the morning, attracted a large concourse of citizens in the vicinity of his quarters, many of whom pressed forward to have the pleasure of taking him by the hand. He departed by the cars for Boston, and was followed by the hearty cheers of the multitude.

A grand Floral Procession enlivened the forenoon, and boating to the islands, riding, and promenading occupied the attention of the mass of the inhabitants during the afternoon. About the usual amount of powder was burnt, by authority, and against authority, and the bells were rung as usual.

7th. A very sultry day, the thermometer for five hours during the middle of the day, ranged above 90 deg. An Irish laborer, named Patrick Tunney, had his leg broken while handling stone, at the Atlantic depot.

9th. The body of a seaman named Uriah Powers, was picked up in our harbour, yesterday. He was drowned from the Barque Medora, some days before—aged 22 years.

10th. A building filled with materials for making Paper, belonging to Messrs' Day & Lion, of this city, was destroyed by fire, between 10 and 11 o'clock, this evening at Saccarappa. Loss \$8,000.

13. An "Elder" G. J. Adams, of Boston, who delivered three religious lectures at Concert Hall, on Sunday, performed at a Theatrical exhibition there in the character of Richard III, this evening, before a large assemblage of people!

Messrs. John A. Poor, John Fox, George Warren, A. W. H. Clapp, George Turner, James C. Churchill, and Horace Felton, were elected Directors of the Portland Company this afternoon.

18th. The store of Mr. George Wilson, at Stevens' Plains, was broken open last night, and robbed of a variety of valuable goods.

19th. An advertisement appeared in the daily papers, inviting proposals for grading the Androscoggin and Kennebec Rail Road, from Greene to Belgrade—a section about 20 miles in length—said proposals to be forwarded by the 17th August:

21st. Sands, Leut & Co's. Circus, entered the city with great parade this forenoon.

23d. The weather to-day and for a day or two past, has been hot—thermometer ranging as high as 95. A man named Nicholas Everett, engaged in blasting the ledge, at the Atlantic depot grounds, was whirled into the air amidst a cloud of rocks, by a premature explosion of a charge—but, wonderful to relate, escaped with a few unimportant bruises.

26th. Several buildings near the head of Harding's Court, were destroyed by fire—Messrs. Reuben Bartol, H W & A Deering, and Thos. McKenny, were the principal sufferers.

AUGUST.

24. A pocket book stolen from the counting room of Messrs Barnes & Hall, lumber dealers, was found in a shed contiguous, with \$150 in cash, and valuable papers—in it was a scrawl, in part as follows: "Just 150 dollars will pay this and interest, if ever I get able."

31. Wm. P. Preble, John Anderson, St. John Smith, J. B. Brown, Josiah S. Little, Eliphalet Greeley, James I. Farmer, Ezra F. Beal, Thomas Hammond, Wm. P. Fessenden, John Dow, and John A. Poor, were elected Directors of the A. and St. Lawrence Rail Road Corporation—George Turner, was subsequently elected.

5th. Seven steamers arrived at this port to-day, from different routs, with an aggregate of 1200 passengers. They were the John Marshall and Portland, from Boston; the Huntress from the Kennebec; the Governor, from the Penobscot; the Flushing from Brunswick; the Admiral from St. John and Eastport, and the Maid of Erin, from St. John.

Mr. John Gould sprang into the water at the Rail Road wharf, and rescued an emigrant who had fallen overboard—a heroic act.

6th. Rev. Mr. Abbott, missionary from Arracan, preached at the Federal St Baptist Church, this evening.

11th. By the list of Taxes assessed for 1847, it appears that Asa Clapp is assessed \$2208.86, John B. Brown, \$739.27; Samuel Chadwick \$773.75; James Deering, \$792.88; Isaac Hsley \$779.75; over 100 other citizens were taxed from 100 to \$600.

14th. The steamer Portland carried passengers to Boston last night, for 25 cents a head.

A fire broke out in Henry Foy's twine factory, in the rear of the houses on the eastern side of Cotton Street, which before it was quelled, laid the twine factory and eleven large dwelling houses in ashes. Joshua Richardson, Joshua Maxwell, Jonathan K. Morse, Wm. Chase, L. D. Hanson, Stephen Longfellow, Jr., Darius White, Charles Carl, Stillman Roberts, and J. B. Newell, were among the occupants—whole loss about \$25,000, of which \$13,500 was covered by insurance.

20 h. The Hancock Light Infantry of Boston, visited our city by the express train of cars, arriving just after 9 o'clock, P. M. They were received by the Portland Light Infantry, and escorted to ground selected for their encampment on Mount Joy. [They remained three or four days, and returned home by the steamer Portland.]

26th. The "Warren Engine Company" of Roxbury, paid our firemen a visit, and were received by the "Volunteers No. 3," and escorted to camping grounds on Mount Joy, where they sat down to an excellent breakfast provided by the Volunteers. They were a fine looking, hardy set of men—and the gentlemanly tenor of their deportment was appreciated by our citizens generally.

30th. Mr. Lover, the celebrated author of "Handy Andy," gave one of his Irish entertainments at the City Hall this evening, and was greeted by a full and intelligent audience.

SEPTEMBER.

1st. The "Hancock Engine Company" of Boston, arrived here in the steamer John Marshall, and were received by the Portland Company No. 5, Capt. J. C. Tokesbury, and provided with a breakfast at the City Hall—an honorable specimen of the Boston Fire Department.

12th. Recently a young man named Wilbur, who arrived in this vicinity with a party of Penobscot Indians some time since, and has been residing with them at their camping ground, just beyond the Portland Bridge, has been recognized as the son of Mr. James Wilbur, of Bethel. It appears that he was stolen some twenty years ago, when only about three years old, from the vicinity of the house of his parents, who then resided near Sandy River Pond, in Franklin County, and was carried away by a vicious old Indian, named Robbins, to Nova Scotia. Search was made for him at the time in every direction, but without avail, and the matter had passed from the memory of all but the sorrowing parents; when providential circumstances led to his discovery, as before stated. The young man at first refused to have any thing to do with his father, the Indians having persuaded him that the

recognition was all pretended, and that some sinister design was meant upon him; he, however, subsequently became convinced, and has since forsaken the vagabond ways of the Indians, and bids fair to be an enterprising and useful member of society.

13th. The annual State Election occurred to-day. Only one representative, Wm Goodnow, whig (out of the three to which this city is entitled) was elected. A. W. H. Clapp was elected Representative to Congress from the Cumberland District. The weather was very stormy, and the vote not large.

15th. A man named Thomas N. Folsabee, at work on the house of Dr. Gilman Davis, Southern corner of Congress and Temple Streets, owing to the giving way of a staging, fell to the ground a distance of some twenty-five feet, and was severely injured.

16th. Messrs. J. R. Thompson, J. W. Mansfield, Samuel R. Leavitt, George Worcester and Benjamin Brown, were elected delegates to the Mechanics' Fair at Boston, by the Maine Charitable Mechanic Association.

17th. The 3d Parish Society (Dr. Dwights') have recently purchased a fine large Organ, made by Appleton of Boston, for their meeting house.

Mr. B. Hunting of Bucksport, was robbed of his pocket book, containing \$250 while on his way hence to Boston, in the cars.

22d. The Maine Charitable Mechanic Association, had their triennial Celebration, at the City Hall this evening. Mr. Neal Dow, delivered an excellent address on the occasion, and the members of the Institution and invited guests afterwards sat down to a choice supper, and the evening was one of much social enjoyment.

Both the celebrated tragic actor, has been performing lately with the troupe at Concert Hall, Union Street.

24th. The celebrated Tom Thumb, who on the tour in Europe from which he has recently returned, realized the immense sum of \$750,000, for his leves, arrived in our city from Bangor, and gave an exhibition of his stature, prowess and talents, at the Exchange Hall in the evening, before a crowded assemblage.

27th. William Kimball, democrat, was elected representative from this city, to the Legislature.

29th. The substantial block of brick buildings called the Montreal Block, at the junction of Free and Middle Streets, is about completed. It is the property of Byron Greenough.

30th. Rumors of a Treaty of Peace with the Mexicans, reached the city.

OCTOBER.

1st. The first number of a daily paper called the "Unpire," was issued by Messrs. John Edwards and Charles W. Child.

4th. The bank dividends declared and payable to day, were Casco 3 1-2 per ct. Canal 3 per ct.; Merchants 4 per ct.; Bank of Cumberland 3 1-2 per ct.; Manufacturers and Traders' 4 per ct.

The Episcopal Convention held in this city, at St. Stephens' Church, elected Rev Dr. Burgess, of Hartford, Conn., Bishop of the Maine Diocese.

12th. A wretched lithograph, purporting to be a "View of Portland from the Cape Elizabeth side" has recently been hawked about our Streets for sale, and palmed off upon subscribers at \$3 each.

The Portland Company got up their fires for the first time to-day.

13th. A violent storm commenced last evening from the South East, with a deluging rain. The Office of the Portland Company was removed six feet from its foundation, and damage to awnings, trees, and fences was done about town.

16th. This section was visited by a frost, last night.

17th. The house and outbuildings of Dr. Reuel Barrows, Fryeburg, was destroyed by fire.

20th. The annual Cattle Show and Fair, of the Cumberland Agricultural and Horticultural Society, was held at Windham Centre. The address was delivered by Mr. Horace Storer, of Scarborough.

The first lecture of the season before the Portland Lyceum, was delivered by Judge Woodbury, this evening.

22d. The calm, mild, beautiful weather of the Indian Summer, has characterized the last few days.

24th. The first iron for the A. & St. Lawrence Rail Road, was received here, by the Bark Franklin, which arrived from Newport, Wales, to-day.

28th. By a report from the Managers of the Female Orphan Asylum, which appeared in the papers to day, it appears that they expended last year in carrying out the purpose of the institution, the sum of \$932 43 cents.

NOVEMBER.

1st. The School Committee recently introduced the study of the French language into our schools—thought by some to be an excellent move.

9th. The ship Lemuel Dyer, was launched to-day just after 11 o'clock, A. M. from the yard near foot of Mountfort Street. She struck against the Rail Road bridge, but did no damage.

DRUMMOND'S CANDLESTICK !

Something new,

And just the thing for every family requiring light; and so cheap too, that every one, rich and poor, can buy. It is a

Neat Candlestick!

Making and Wicking its own Candles out of Cold Tallow, Lard, or any Grease that will burn.

By simply turning the bottom of the Candlestick, a beautiful, hard, smooth Candle is forced out of the top, and at any desirable length you wish, from one inch to two feet high.

1.—It is as neat and simple as a common candlestick; consequently may be managed by a child.

2.—By means of this, you convert all your refuse grease into candles; and thus obtain a light at from five to seven cents per week.

3.—The wick is dry and smooth, thus no vibration or flickering of the flame, but burns like a sperm candle.

4.—The wick may be changed without at all disturbing the candle, if too large, put in a small one; or too small, a large one.

5.—You coil in the bottom of the candle maker, or candlestick, wick sufficient to last five or six weeks, where it remains out of sight and out of the way.

6.—You may keep your candle at the same height all the time for ten years—no stumps or pieces left.

7.—Requires replenishing with grease or tallow once a week.

8.—No spilling of grease if it falls or turns over, but as neat and cleanly as any lady could desire.

9.—It cannot get out of order.

10.—In proof of their superiority, utility and neatness, the immense number sold is sufficient. The price is uniform and the same all over the United States; and the article requires only to be seen to convince the most incredulous of the foregoing facts. No family will be without them who can scrape together the small price asked.

The complete Monopoly of this article for sale for Counties—
