This week has been a pretty busy one. Wed. evening we went to a basket ball game and Thursday evening I was down to Carrier's to play over the cantata to Mr. McFaul who is to be the woodsman. Friday night we went

Dear Mamma—

We have been having lots of weather here. Don't you care for some at home? We can furnish most any kind you desire except real warm weather.

To-day is not very cold and very pleasant.

They say you have had some cold weather near Portland. Colder than we have had here. Grace has chilled her ear twice within a week.

to the teachers reception and
the Dupt. came home with
Grace. Don't think she will
get the last of that for a while.
Last evening Grace & I were
down to Dr. Cochran's and
played whist. Also had a
feed. Ham and peanut butter
sandwiches - coffee, pickles
cake and surprises. Got home
about quarter past eleven.

Worked all the afternoon
yesterday making out the
rank books which have to
be handed back to-morrow.

Several of our boys have gone
to the Boys' Convention which is
being held in Waterville but will
be back to-morrow morning.

Grace and I both received postal
cards from them last night.

Quite an outing for the most
of them. They went away Friday
noon.

I have to work late every night
at the school house as we are
teaching the children to sing

I am going through my
clothes so fast that I am
wondering if they will last
four weeks more. I have
torn my blue mohair skirt
five or ~~six~~ times and it is
an awful thing to mend.
I have gone through two of
my white shirtwaists too so
that they are no good. I think
how every thing seems to drop
in pieces at ~~last~~ a time. but I
shall be really glad to be able to
have some new shirtwaists in
the spring.

Our minister exchanged with
the Baptist Minister today and
he is worse than Mr. Miller.
We wished we had somewhere
else. Should have if we had
known it.

Are going to Free Baptist to-night
to hear Mr. Whitmore, state-secy, or
else over to hear Mr. Merrill.

Dinner is ready so will close
With love

Harriet.
What kind of pew are they going to have.

they expected
little that they
are not going to
if they are
to bad
Merrill
is

Indian Club and after
they go there is always
a lot of school work to
be done.

Haven't been out snowshoeing
once this week, as we
have been so busy.

It snowed yesterday and
I think it is the lightest
snow I ever saw.

Haven't heard from
Herm but once since
I came back. He
must be busy with
his examinations
