Lesbians in the White House??!

Did you know that President Grover Cleveland's sister was a lesbian? UMO history professor Paula Petrik has done a great deal of research on this fascinating woman. She will present her lecture, "Out into the Open: Rose Elizabeth Cleveland, Evangeline Whipple, and Lesbianism in America" on Wednesday, September 19, at 7:30 P.M. at the Peace and Justice Center, 9 Central Street, Bangor. This program, an important piece of lesbian herstory is being sponsored by the Gay Lesbian Community Network's Political/Education Task Force.

National Coming Out Day

Oct. 11

Celebrate National Coming Out Day in Bangor with the GLCN. We are in the process of planning a panel discussion for the evening of Thursday, October 11th. The purpose of the dialogue would be to give people the opportunity to share coming out stories and to talk about what it means to be gay in the Bangor area. Individuals who would like to share their stories are encouraged to contact Robin Gorsline at 866-7958. People who would like to have their stories told, but do not feel that they are able to participate in a public forum may write their stories to be read by someone else. Mail stories to GLCN, post office box 212, Bangor.

The location for this discussion has not yet been determined. We will include more details in our October newsletter and will also send information to the Bangor Daily News. The press will be made aware of this event, but we will request that they not bring cameras. Although there are no guarantees that they will oblige us, a far more likely scenario is that they will ignore us.

The real purpose of National Coming Out Day is to give us all a chance to extend our boundaries of being "out" just a little bit (or maybe a lot) further. To this end, your October Networker will include a genuine LAVENDER RIBBON for your car antenna, your mailbox, your cat, whatever! However, in order to get your ribbon, you will need to receive the October Networker. READ ON.

Fiscal Crunch Hits GLCN

We are in need of your help in order to continue producing the Networker. Our mailing list is approaching 300 people (at last count 273). Simple arithmetic will tell you that it costs \$68.25 for stamps alone. Additional costs include printing and envelopes. We can no longer afford to send the Networker for free as we did this past year. If you wish to continue to receive the Networker, GLCN must now request a \$5.00 annual subscription fee. For your convenience we have provided a form on the back page of this issue. In order to receive additional issues (\$5.00 for 1 year of the Networker!), beginning with the October 1990 issue, we must receive your subscription fee. We would like to thank those readers who have provided financial assistance in the past year.
