# Calendar—Winter 1996

**January 11:** *Timepiece*, From discussions of group sex to monogamy to coming out, a surprise 30<sup>th</sup> birthday party acts as the catalyst for truth-telling among a group of seven gay men in San Francisco in the early 90's. A witty, wise, wicked and wonderful film.

**January 25:** *Alan Hamilton presents the Bisexual Movement History*. Alongside the gay and lesbian movements, the modern bisexual movement started in the early 1970's and has evolved into the present. Biexuals have been deeply involved in the gay/lesbian/bisexual/heterosexual communities. Come and look at the developement, at its current branches and issues, and at the relationship between today's bisexual movement and today's gay, lesbian, and transgendered movement.

**February 8:** *What's Normal Anyway?* Psychiatrist Tony McCann will walk us through the history of psychiatric thought about the causes of sexual orientation, from the perversion/pathology model through the profession's growing awareness of homosexuality as normal human experience. He'll also suggest consumer tips for choosing a gay-positive psychotherapist.

Programs are held at: Holiday Inn by the Bay  
88 Spring Street, Portland  
7:30-9:00 P.M.  
Free hotel parking

**February 22:** *We're Here, We're Queer, We're Pink Behind the Ears*. Gay/lesbian/bi/trans/questioning youth from Outright will speak about their experiences of not feeling safe or welcome in the adult gay community. Join us as we examine the gay community's responsibilities to its youth, evaluate how we're doing, and consider what adults can do to make being a young member of our community less painful than it was for us.

**March 14:** *What do Lesbians and Tortillas Have in Common?* Come find out and hear how lesbians are at the forefront of women's rights movements around the world. Robin Melavalin, photographer, cultural anthropologist, and lesbian world traveler will share stories of the lives, struggles, and accomplishments of lesbians around the world.

**March 28:** *Developing the Ever-Blooming Garden from Spring to Frost*. Join us in anticipation of those flowers which bloom in the Spring! David Emery, a landscape gardener in private practice in the Casco Bay area, will present an illustrated talk about perennials, flowering shrubs and vines, those plant materials best suited for coastal zone gardens. David will walk you through the process of defining your own garden space. Bring your questions for the answer period following the slides.

We desperately need a volunteer graphic designer to take over the production of the quarterly calendars.
