into the room at once.

We had lots of fun and when we got ready to go to our rooms we found they had been clacked. The chairs were all bottom side up, the rugs under the bed, every thing off the bureau and table and our bed was full of black pepper and hairs. We could not get the pepper out so we laid and sneezed and coughed until quite late. Every one of the Freshman (women) rooms were in the camp

Dear Maamma: -

You wanted me to write and let you know how I got here. I got here all right and got some supper although all the scholars had been to supper. There were a lot of us came out together and we had a great time. You had not been gone very long before some of the girls came that I wanted you to see we did not stay at

Electric car station very long  
but went down to the Depot.  
I saw Charlie's mother and  
father and think they are  
real nice. Our Halloumen  
Party went off all right  
but two girls got frightened.  
Prof. Conthell had one of  
his odd fits and would not  
do anything, he wanted to  
get out into the kitchen for  
some unknown reason and  
of course he had to go through  
the dining room. The cotter  
was there he went right through  
it and broke the strings as  
he went and the girls said  
he swore. He was mad and  
did not stay long. All the

other teachers all joined in  
with the scholars and had  
a good time. They all  
went down into the ghost  
room and Grace told their  
fortunes. There were a lot  
of ghosts in the room and  
they groaned all of the time.  
There were two girls in a  
box near Grace and it  
was covered with cloth. They  
would groan and scream.  
All the lights were two  
single jack-o'-lanterns and  
so the room looked quite  
weird. They all had to get  
down on their knees while  
they had their fortunes told  
and only one could go

so she can get it then.  
With love to all.

condition and it was done  
by the Sophmores. We are  
going to pay them back  
next Halloween. The teachers  
will not let us do it before  
then. Our room is not put  
to rights yet and the teacher  
here said we could have a  
week to clear up in.

I was awful tired this morning  
so I think I had been go-  
ing to bed. Grace has got to write  
a paper to read at a  
discussion in two weeks  
It is something about the  
United States holding Cuba

I expect to see my name  
put on the debate anything  
but I hope I shan't be on  
one just yet.

Grace said that Laura and  
Rash were coming over and  
see us some Monday. I  
would like to know when.

Emmie is going to Portland  
next Saturday night to be  
gone until Monday night so  
Grace and I will be alone.

I did not have time to  
finish this letter before  
school this morning but  
I shall to finish it in  
school. I have just been  
going through the gymnastics  
The higher classes are now

taking the maid drill. I  
shall have to take it after  
Christmas.

Our United States History  
is something terrible it  
is the hardest study we  
have. I have not found  
out about my braid yet  
but will let you know as  
soon as I do.

My grammar lesson comes  
in a half an hour and  
I must study on it now.  
This is not much of a letter  
but I can't think of anything.  
Tell the boys to write.  
When is Grace Asgood's  
birthday? I want to write  
her letter and send it
