Dear Mamma,

Have not been out of doors 15 days as it is snowing. Have just finished correcting a lot of exams and before finishing the rest of my work will write a little.

We shall finish our work Thursday night and if possible get home Friday night.

We learned yesterday that we shall have to hush up another boarding place before we leave and that means a pretty hard job. Mrs. Judds is going to have company and so needs the rooms which

we have. ~~Hard~~ I call it. If we don't find what we want shall not come back to Dover in the spring. I will not go off of the hill for if we do we shall have to swim to school every morning when the snow begins to go. Dover is the wettest place I was ever in in the spring. We have one place in view now but don't know much about it. Shall try to see about it to-morrow.

The principal of Foxcroft Grammar School has resigned and if Grace and R. do the same I fear ~~the~~ ^{The Super} will go crazy.

He ²⁰⁰can't find a principal
to take the Foxcroft school.
He asked me the other day
if I didn't have a twin
sister who wanted it.
He gives Grace and I both
a good deal of soft soaps.
My dresses keep on falling
apart but hope I can
keep one whole for the
rest of this week. Shall
have sewing enough to
do when I get home.
Will let you know later
when we are to get home.

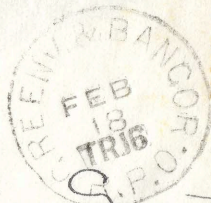

With love
Harnett.

Rover, Me.
