My dear Ernest:- We got here
all right on the one o'clock
train. When we reached
Gorham Station we found
all the train girls waiting
for the train from Rochester
so we knew there had been
but one session. We got up
to the Hall in time to get
some dinner. The storm
does not seem so bad
this way. There is a great

at home last Memorial day.
The subject was "My Trip Abroad."
The girls said it was lovely.
I tell mamma that I found a
letter from Floo waiting for
me. She has not been sick but
has been away visiting. I shall
have one of her pictures soon.

We have to keep study hours
this afternoon from two until
half past three so I must go to

studying. Good bye - Harriet.
You must write to me.

deal of snow but not as
much wind as there
was when we left home.
How did you get up from
the station without freezing?
The trains from Rochester
are a little late this after-
noon.

Last night there was a
lecture given by Rev. Mr. Simey
in the Cong. Church. Mr.
Corthell let all the girls
go so they did not keep
study hours at all
last evening.

Mr. Simey is the man
that gave the lecture
