

P.S. You forgot
to send my
cousels and
I for think
best send
them when
you send
any other
things I can
get along
without them
if I have to.
You and
papa had
better plan
to come over
Friday June
16th to attend
the graduation
I see the
place. Will
be the best
time for
me as I
have nothing
to do then
I shall be
so busy before.

[193]

Forham Maine.

June 1, 1899.

My dear Mamma:-

You see I started
in to date this letter May 31st but
decided I would not. Yesterday
was your birth day was nt it?
What did you do for excitement?
This is the hottest day I have seen
so far this year. I have just about
melted it has been so warm.
I am trying to keep cool now. I
got home from school about a half
an hour ago and have taking
all the things out of my trunk
and I am going to see Mr. Sampson
about fixing it.

Emmie wants to pack some of
her things so as to take them home
when she comes a week from next
Saturday so we are going to pack

my trunk full of things and send it there. So you see we will have only one trunk to fuss with the last day.

There was a lecture at the church last Tuesday night but we did not go as we were ~~so~~ very tired when we got here and had some studying to do.

Ennice is going to mail this for me so I can't stop to write much more.

Charles is not back here this week. Her mother is very sick and so she will not be here for a while. We had a letter from her yesterday and she said she hoped to be back next Tuesday. It seems funny not to have her here. I took an examination in Arithmetic today and I know that I did not pass. Those lilies of the valley wilted coming over and have not come up yet.

Well Ennice is waiting for this so I must stop. With love Harriet.
