The 1963 Hillcrest

Gorham State Teachers College
Gorham, Maine
Volume 43
The purpose of Gorham State Teachers College is not to graduate students with enough credits to teach but to graduate teachers who will be capable of leading their students in the paths of good citizenship and learning. The four years which a student spends at Gorham are directed toward this purpose.

Opportunities for intellectual development are available in abundance to each student, who must become capable of forming his own concepts while still submitting to academic discipline. Through conferences with faculty members, he is helped to discover his potentialities and to overcome his weaknesses.

Opportunities for social and cultural development are provided in the many extra-curricular activities at Gorham. As a participant or as a spectator, the student is able to gain experience in working with others, to develop his own talents, and to appreciate the talents of others.

Opportunities for professional experience in working with children come in student teaching, the culmination of the student's college career. Here he is called upon to show that he has the mind and the spirit necessary for good teaching.

A senior is charged with a two-fold responsibility. He recognizes that he must exert all his power to guide the children whom he will teach toward goals of personal and academic achievement. He recognizes, as well, that he must continue his own education, constantly expanding the boundaries of his mind to meet a complex and changing world.
Uh, Oh, Trouble and More Trouble

The class of 1963 dedicates this edition of the HILLCREST to Mrs. Sylvia Martin who has long been associated with Gorham State Teachers College. After the death of her husband, who was in charge of the program in audio-visual education, Mrs. Martin entered Gorham State Teachers College and was a valued member of our class for two years. When an opportunity to work in the library presented itself, she became a member of the library staff.

Today Mrs. Martin is known by the members of the college for her friendliness. By being able to remain cheerful in spite of trying moments, she has gained the admiration of all. Her patience and willingness to help are appreciated by both the students and faculty of Gorham.

Mrs. Sylvia Martin

To Mr. George Barker, the Senior Class of 1963 wishes to express its sincere appreciation for his invaluable assistance as our class advisor for the last four years. We are grateful for the patience, humor, and interest that he has shown in working with us. Not only as a class, but as members of the college at large we recognize how much his knowledge and teaching of science have contributed to the academic life of Gorham State Teachers College.

Mr. George Barker
Dear Members of the Class of 1963:

If you will pause and glance in retrospect over your sixteen years of schooling you will recognize that you have been witness to, and played a part in, an educational awakening not equaled since the Renaissance. Hordes of students pounding on the doors of our colleges, special classes for the intellectually gifted, vast foundation grants for special programs in all areas of the curriculum, and many other events are tangible evidences of this national concern.

That this intellectual ferment has not escaped the Gorham campus is obvious. During your four short years at this college you have seen the opening of new buildings, participated in the accreditation of the college, greeted new faculty members, and been affected by a curriculum revision. These and many other aspects of your college life should inspire you to go forth as disciples of an improved educational system.

Your college graduates you secure in the knowledge that you have a strong academic background for tomorrow's schools. We are equally convinced that you possess virtues without which even the greatest of all intellectuals are lost in the classroom. Patience, kindness, humility, moral fiber, a sensitivity to human needs, a genuine and lasting love for your fellow man must be part of the make-up of one who would teach.

Your college's concern with the discipline of your mind and the strength of your character is such that your influence for good on humanity should be significant. I speak for the entire faculty when I wish you success in your important life's work.
A college, like an individual, cannot stand still; either it moves forward or it regresses. Surely the former has been the choice made here at Gorham State Teachers College.

The progressive building and expansion of facilities are of great significance to our campus. In the planning of new facilities — buildings, laboratories, campus expansion, we must plan not only for the types of activities for which they will be used today; we must consider that tomorrow or twenty-five years from now new frontiers in education may demand activities dynamically different from those of today.

We salute the accomplishments of the present; we look forward confidently to continued progress and growth in the future.

On behalf of the student body, we welcome Dr. York as our new Dean of Instruction. Already we have come to appreciate not only his scholarly mind but his sincere interest in the welfare of each individual student. Surely, his work is of great importance during this period while so many changes in the curriculum have been necessary for further growth on our campus.
One must face the sobering fact that present-day knowledge and understanding of human relations and individual adjustments are not adequate. Thorough preparation for teaching should include a knowledge of its background and an awareness of its problems. Vastly important also is the able guidance which the student must receive in order to cope with the various situations he will soon encounter. This segment of his education culminates in a full semester of student teaching, under the capable leadership of the Education faculty.
The Art Education program began four years ago with three enrollees. There are now thirty students preparing for certification as art teachers and supervisors for Maine. Nine seniors completed their student teaching assignments in the schools of Brunswick, Kittery, Portland, South Portland, and Westbrook in February. The three original students now hold positions in Portland, Saco, and Westbrook.

The Music Education program has a total of fifty-three music majors. It is designed to prepare music supervisors who will have the necessary skills and experience in vocal and instrumental music for teaching all phases of music from the elementary grades through high school. Students gain further experience by participation in performing groups. Individual abilities are developed through solo performance. As its contribution to the general cultural background of the student, the Music Department also offers courses in Music Appreciation and Fundamentals.

Surely it is difficult to satisfy a critical and sensitive listener like our Dr. Bowder.

Here Miss Heel is seen teaching some music fundamentals.
Recognizing that communication is a vital part of the teaching process, the English department at Gorham provides courses in composition and speech designed to give experiences with ideas and language which will enable students to use the tools of communication more effectively.

In addition, a broad offering of literature courses, stressing critical reading, gives awareness of the cultural heritage, enrichment of background, and an opportunity for depth experience.
The Social Studies Department, under the direction of its new and capable Chairman Dr. Robert York, aims to give the prospective teachers a broad knowledge of the past, up-to-date knowledge of the present, and alertness to the problems of the future.

To give future teachers firsthand information on how the people of other "geographic regions" live, work and play, and to visit points of historical, cultural and educational interest Mr. Wensel Moberg conducts field tours of 6-12 days duration to various parts of Eastern U.S. and Canada.

The International Relations class, under the direction of Mr. James Whitten, shares in the project of the New Hampshire Council for World Affairs.
A minimum of sixteen percent of the elementary school teacher's classroom time is spent in teaching mathematics. When this is considered with the recent national increase in emphasis in mathematics, it accounts for some of the motivation for increasing both the mathematics staff and the number of required semester hours in mathematics. The mathematics department is cognizant of its added responsibility and offers a wide range of courses to meet the needs of a balanced curriculum.

At no time in history has there been a greater influence exerted by the physical and biological environment upon our economic, social, and cultural understanding and well being. Only through properly trained children can one expect a future population capable of dealing intelligently with this complexly scientific world. All civilization must face this challenge.

Gorham, with its modern facilities, provides an expanding program not only for students in general education, but also for those interested in majoring or minoring in areas of the biological and physical sciences.
Physical Education

As rapid technological developments continue to revolutionize our way of life, they provide the Industrial Arts Department a most challenging task in its preparation of teachers. Unlike many other disciplines, the study of industrial arts is dynamic and must continue to serve its role in the educational development of all youth. It is this goal which directs the Department in its efforts to provide teachers who are technically competent, culturally mature, and professionally oriented.

Physical Education is required for all Freshman and Sophomore students as a part of their graduation requirement. The College assumes the responsibility of giving a substantial groundwork in the fundamental skills of planned activities. In addition tests are given for both physical conditioning and physical fitness, thereby preparing all students for emergencies as well as for the process of daily living.

Many other areas are covered: emphasis on team, dual, and individual sports, offering of a Modern Dance Program for women, and many intercollegiate sports for men. Each group is so planned to meet the needs of any student who wishes to participate in any or all phases of the program.

September 10-12 was a period of welcome on the part of the returning students and the faculty and one of anticipation and adjustment for the new freshman class. All phases of the orientation program seemed to be enjoyed by those participating in the very busy schedule. We are hopeful that our new students received a helpful introduction to our campus.

"Campus greeted us in autumn..." became a reality for the 263 enthusiastic members of the class of '66 as they participated in the orientation program planned and carried out by a student-faculty committee. After the initial meeting in Robie Center, the freshmen found themselves embarking on tours of the campus, receiving welcomes from the President and faculty speakers, and enjoying a social and sports program.

Discussions with adviser on dormitory life and on classroom and extracurricular activities.

Nervous yet anxious

Freshmen with a junior adviser.

Upperclassmen and freshmen skits.
Freshman Reception

Thursday, September 27, the Student Christian Association sponsored the Freshman Reception. In Russell Hall auditorium, hostess Barbara Coffey welcomed the freshmen, announced the program of selections given by students from the Music Department, and introduced the speaker of the evening, Dr. Donald Spencer, who presented a forceful talk, "What an Education Is." At the conclusion of the program the freshmen were escorted by upperclassmen to the gymnasium to meet Dr. and Mrs. Brooks and the college faculty. Refreshments were served and dancing followed.

Welcome from Dr. Spencer.

Good evening from Dr. and Mrs. Brooks.

Green and White Way

The Student Christian Association successfully staged their Green and White Way in Russell Hall. On March 26 many students participated in the penny carnival, not only by having fun but also by giving charity.

All proceeds are donated to the World University Service which involves students and professors from worldwide colleges and universities. WUS seeks to help where there are limitations of educational facilities and a lack of leadership. Mutual assistance through WUS brings new hope to frustrated students and professors.

By hitting a lad with a sponge, tossing pennies, buying a self portrait, or throwing darts, Gorham State showed that we care and believe that we can help others to help themselves. Let's hope that G. S. T. C. is always cooperative and understanding towards others on our local community and worldly levels.

Planning Committee:
Edith Bickford
Lynda Wilson
Janice Libby
Donna Gryths
In October, the third annual Homecoming Weekend, sponsored by the Varsity "G" Club, was held. Events of the busy and enjoyable weekend included a movie, soccer game, and a dance. Each fraternity backed a candidate for queen: Kappa Delta Phi – Olivette Tessier; Phi Sigma Pi – Carole White; and Alpha Lambda Beta – Sharon Anderson. By vote of the student body Sharon was chosen Queen for 1962 to succeed Betty Verrill. The outstanding event was a soccer game which resulted in a 0-0 deadlock with Rhode Island College.

Queen Betty and Queen-to-be Sharon have a tête-à-tête.

Dr. Kerr and Betty present roses and trophy to Queen Sharon.
Among the vivid memories of the Mayor Campaign of 1962-1963 will be those of Alpha Lambda Beta's candidate, the happy "tramp" Irving Lash, his home in the grove, and his fellow citizens in the town of Garbageburg. The campus saw beyond the "rags" to the "riches" of Freddie's humor and sincerity. Who could miss seeing his signs and slogans all over campus, evidence of the united efforts of his fraternity! The big "I" and his supporters helped to make our year a thrilling one.

Kappa's colorful campaign featured "Dr. Casey" as portrayed by candidate Frank McDermott, with a supporting cast of trained nurses and patients (crazy or otherwise!). We shall all remember Blair General Hospital for some time. With their night and in-between shows (especially those flown in from Africa) the Kappas certainly did their best in trying to fill the prescription for mayor.

The third campaign of this memorable week was effectively presented by Charlie Berry and his fraternity Phi Sigma Pi. Carrying out the theme of the celebration of the 85th anniversary of G.S.T.C., they provided a musical show and a week of surprises. With great talent and hard work, they produced entertainment that brought music and dance of yesteryear to their appreciative audiences. Charlie proved to be the victor and led the campus in many activities throughout his year of office.
One of the fall social highlights at Gor­ham, the Harvest Ball, climaxed a week of campaigning by the three college frater­nities for the office of college mayor. The student body voted for their candidate on the previous Friday and their choice was announced at the ball: Phi Sigma Xi Char­lie Berry. Last year's mayor, Paul Belle­vance, presented the victory cane to Char­lie. Music provided by Nate Cole's orches­tra made the evening a great success.

Mayor Charlie and Priscilla lead the Grand March.

"Lovely is the evening . . ."
This year's beauty pageant was held on March 16, in Russell Hall under the sponsorship of the Amicitia Club with the direction of the Portland Jaycees. Among all the tension and excitement, Elizabeth Callison was awarded the title and crown of Miss G.S.T.C. of 1963 by Barbara Jean Orr, Miss Maine of 1962.

The Master of Ceremonies was our favorite Hilltopper, Al Cochran, whose songs and introductions added much to the dignity of the event. Based on the Miss America Pageant the nine contestants participated in three phases of competition: evening gown, talent, and swimsuit. At all times they were judged for poise and personality.

Joyce Turgeon was first runner-up, while other finalists were Robin Oldmixon and Jane Erskine. Joyce was also the winner of the Miss Congeniality title. When our own new Pageant song was sung, immediately Betty Callison, a senior, became the representative of our college in the Miss Maine Pageant of 1963.
The weekend of March 8-10 was Winter Carnival. With a new snow cover, the sculptures were started on Friday by many clubs and organizations. The Outing Club sponsored the weekend and proclaimed the theme to be "International Winter."

The students voted for their queen candidates Friday. Those juniors nominated were: Sharon Jennings, Penny Maddox, Joyce Mitchell, Kathy O'Flynn, and Cindy Rogers.

Friday evening there was planned a sports program and a dance. The dancing (especially twisting) took place in Andrews Hall. From the start all seemed to be enthusiastically involved in the eventful weekend.

With the perfect Saturday weather, many were seen putting the finishing touches to this year's extra special sculptures and decorating Russell Hall festively with snowflakes and crepe paper icing.

On Saturday night the Coronation Ball was held at which Mayor Charlie Berry was Master of Ceremonies. With a large attendance, Lolly Barker, last year's Carnival Queen, announced the new queen, Cindy Rogers. Cindy, radiant and happy, led the Grand March with her escort.

Sunday and snow flurries followed, but did not hinder the informal tea held in Andrews Hall. Here it was announced by the Queen that Kappa won first place in the sculpture contest and Phi Sigma Pi was the runner-up. All certainly had a splendid weekend at G.T.S.C. and only regretted that it should have lasted so much longer.

Snow Sculpture Winners
First place — Kappa's Olympic Tribute

Second place — Phi Sigma Pi, The United Nations

First Work . . .

"Hold it right there."

"Hero they come again!"

"Our" Kennedy and his band.

Chen Play!
Mayor Charlie, Priscilla, Queen Cindy, and Brian lead the Grand March.

"Moon river and you..."

Winter Carnival Queen

QUEEN CINDY
The purpose of the Observer, the campus newspaper, is to serve the general interests of the students. Its monthly issues bring campus news and opinions, the sports program, and human interest stories.

With the cooperation and effort of a capable staff, the Observer continues its role in meeting the challenges of improvement and expansion at Gorham.

The North American Travel Association (NATA) is one of the busiest clubs on campus this year, as its members are working hard to earn enough money to go on a trip to Kentucky and Tennessee. This will be the seventh trip which the club has sponsored during its nine years of existence.

Its hard working advisers are Mr. Moberg and Mr. Miller. Mr. Moberg prepares an outline of all the geographic, industrial, agricultural, and historical places to be seen along the entire route; Mr. Miller makes out geological information of the area traveled, and each student on the trip gets a copy of both outlines.

This club is for any student who wants to further his education through travel.

The members take pride in working for a worthwhile cause and always enjoy an informative trip.
The purpose of the Student Christian Association is to give college students an opportunity for religious experience. As an interdenominational group, the organization welcomes all students to its meetings. Occasionally the SCA and Newman Club combine for meetings and outside activities.

The SCA takes a vital interest in the activities on campus. Each year the organization sponsors Open Lounge and Freshman Reception. During the spring the annual Green and White Way, a penny carnival for the benefit of the World University Service, is held.
The Newman Club is a national religious organization for the benefit of Catholic students. It gives the students an opportunity to participate in religious, intellectual, and social activities. Through active participation in the Newman Club a student learns to share more intellectually and fruitfully in the worship of God, increases his knowledge of Catholicism on the college level, and develops a more complete awareness of his role in society. The club sponsors activities such as communion breakfasts, dances, and an annual Christmas party at the St. Louis Home for Boys and Girls.
Because the Outing Club, open to all students interested in athletic and social activities, offers a program of great variety, no student has to be an accomplished sportsman to belong.

The club consists of about thirty members. Skating, splash parties, hikes, dances, bowling and other activities are planned and carried out by the members.

Appreciation goes to Mr. Richard Costello, who has served as faculty adviser for the past few years.

The Varsity "G" Club is an organization composed exclusively of those men who have earned a letter in any varsity sport. The main purpose of the club is to create an interest in Gorham's athletic program on both the intercollegiate and intramural levels.

In the fall, the club sponsors soccer homecoming and the homecoming ball. Then, in the spring, the club provides a banquet for all those who have participated in a varsity sport. At that time the athletic awards and trophies are presented to outstanding players.

The Varsity "G" Club Newsletter, printed several times a year by various club members, keeps the alumni in contact with the sports program on the Hill. Under the guidance of Mr. Costello, the Varsity "G" Club has grown tremendously and will surely grow and further improve in the future.
The Women’s Athletic Association tries to furnish opportunities for women students to participate in sports and other associated activities.

For each sport in which one may participate, points are recorded. At the annual banquet of the organization, awards consisting of numerals, letters, pins, jackets, and trophies, are presented in recognition of an attained number of points.

The G. S. T. C. Modern Dance Club meets each Monday and Wednesday afternoon for technique classes and program work. In technique classes the members learn body control and the art of rhythmic, graceful, and meaningful body movements. The program work, which is choreographed by leaders and members, is presented twice a year. The first performance is at the Christmas convocation at which, this year, "The Night Before Christmas" and "Jesu, Joy of Man’s Desiring" were presented. The second program, in the spring, is the major production of the year.
The Dramatics Club gives the students the opportunity to display acting talent and to appreciate drama in both its production and behind the scenes work.

Plays are presented at intervals in the school year. In November three performances of Blithe Spirit, a sophisticated comedy, were given before large, appreciative audiences. In the early spring Arms and the Men was equally successful.

This is the second year of the club under Dr. Donald Spencer. His experience and skill have given a new impetus and quality to drama on campus.
The G.S.T.C. Art Club welcomes any Gorham student interested in art. The main purpose of this club is to give all students the opportunity to express themselves artistically even if they are not art majors.

The activities of the club are planned by the students themselves. At the informal weekly meetings members work on projects to be exhibited later in the school year. Demonstrations and speeches by local artists and by the members of other art clubs are also included in the program.

This is Dr. J. L. Bowder's third year with the Gorham College Band, which has been increasing its membership annually. At the beginning of each semester auditions are held for admission. The band rehearses two hours a week, preparing for convocation, basketball games, Recognition Day, and the annual Christmas and Spring Concerts. The band contributes much to the musical enjoyment and cultural growth of the college.
The Men's and Women's Glee Clubs are made up of over one hundred men and women chosen for their ability and interest in music. Membership is determined by auditions. The groups perform either singly or in combination as the Gorham Chorale.

The Chorale is now in its third year under the competent direction of Mr. Gerard Chamberland. This group performs at the Christmas and Spring concerts and appears off campus as well.

This spring the Chorale was privileged to represent Maine at the Eastern Divisional Convention of the Music Educators' National Conference, held in Atlantic City, New Jersey. A successful drive for funds to aid in defraying expenses of the trip was carried out by the campus music organizations.

Mr. Chamberland's encouragement gave the Chorale the inspiration to do its utmost as a truly representative group.
A cappella is a vocal chamber group which specializes in music from the Renaissance to the contemporary period. The group performs at convocations, school functions, and concerts.

Music Educators' National Conference

The Music Educator's National Conference functions primarily to expose its members to beneficial educational experiences so that each member may gain a clearer and broader concept of the profession he is to enter.

Each year M. E. N. C. sponsors concerts by selected high school music groups and by professional performing artists.

M. E. N. C. was active in supporting the Gorham Chorale on its trip to Atlantic City, New Jersey.
This year Gorham's chapter of the Student Education Association of Maine under the able guidance and assistance of our adviser, Miss Mildred Peabody, has been extremely active and successful. Delegates representing our chapter of S.E.A.M. have attended the spring and fall Delegate Assemblies in Augusta, the Swampscott Convention in Boston, and the Peterborough Convention in New Hampshire. Other activities this year have included participating in the annual Freshmen Orientation program, giving informal coffees for the student teachers, sponsoring of speakers on foreign education, and in addition, conducting a very successful High School Visitation Day program involving senior-high school students interested in the profession.
The I. A. P. O. was formed to make available to the Gorham college community professional programs which would not otherwise be obtained, to give I. A. students a chance of belonging to an organization that would offer them an opportunity to present and discuss various problems involved in teaching Industrial Arts, and to promote professional development. Another goal is to give its members a greater understanding of the workings of industry and the advances of science that cannot be provided by classroom instruction alone. Then, too, the club is striving to improve the social and personal relationships between I. A. students and other Gorham students.
The Student Council is composed of twelve members: the four officers and two delegates from each class. The function of the organization is to govern the student body and to provide the essential democratic link between the student body and the administration. The Student Council allocates the funds from the student fees to the various social organizations on the Hill, sets up the calendar of social activities for the year, sponsors the Mayor Campaign and the Miss G. S. T. C. Pageant, supervises all major ballot boxes, and sends representative student delegates to the Eastern States Convention in New York every spring. This year has been one of increased responsibility for the council and, we hope, one of added enjoyment for the student body in terms of social organizations and weekend activities.

Max Brandt
Irene Walker

The purpose of this Association is to improve the services of teacher education institutions. This general aim is to be promoted in this organization and in the individual member colleges through the cooperative participation of students and faculty in the formulation of aims, policies, and practices.

Each college is allowed one faculty and student delegate to represent the college at the annual conference. It may send as many additional representatives as it desires.

Current practice at Gorham State Teachers College is for the Student Council to submit a list of candidates to the Advisory Council for approval. Following approval, a campus-wide election is held to elect one junior and senior to represent Gorham State Teachers College at the annual conference. Mr. Berry is the faculty advisor for this organization.
The main purpose of the Inter-dormitory Council here at Gorham State Teachers College is to be an active and constructive governing body on the campus. This group is composed of three officers elected by the women students, one representative chosen from each of the three Women's Residence Halls, and the vice presidents of the House Committees.

It strives, as a coordinating body, to maintain smooth operation of the residence halls. It studies and reviews existing regulations, represents the interests of all resident women, promotes social and cultural interests, and reviews cases of rule infractions. Above all, it establishes the highest standards of behavior among women students.

The three House Committees representing Upton, Andrews and Robie Halls are subordinate to the Inter-dormitory Council. Each committee consists of ten elected members, who serve for one year. It is concerned with the general welfare of all residents in its halls and participates in the operation of that hall by assuming various duties. The members of the House Committee represent the interests of the students. They promote dormitory social life by conducting at least one tea a year and other social functions.
Men's House Committee

Woodward Hall is the home of ninety-six men students of G. S. T. C. who, under the supervision of a wonderful housemother, Mrs. Dorothea Dunton, lead lives of happiness and comfort. The men's government of Woodward Hall consists of the president, Dave White; Secretary, Ken Bissell; a non-voting student council member, Bill Hoxie; and two representatives from each floor. The housemother, the Dean of Men, and the three proctors, Neil Leach, Kendall Winchenbach and Max Brandt keep the life in Woodward Hall running smoothly. All the men at Woodward Hall feel privileged to be able to live in such a fine dormitory.

Junior Counselors

Junior Counselors are junior girls living on freshman floors in the dormitory. They help the new students in their adjustment to the various aspects of college life, both social and academic. The junior counselors are chosen in the preceding spring from interested sophomores who demonstrate high standards of personal and social conduct, campus citizenship, academic achievement, and potential leadership.

Junior Counselors

Amicitia

Officers

President Sylvia Stevens

Vice-President     Douglas Jorvett
Secretary          Irving Lash
Treasurer          Charles Gaspar

Alpha Lambda Beta was established at Gorham in 1928. In the years which have followed, the men of the Maroon and Gold, united by the ideals to which each man is dedicated, have contributed much to the life of the college.

Each year Alpha gains prominence through its participation in G. S. T. C.'s athletic and social programs. The men are also active as members and officers of major college organizations. A highlight of the fraternity's activities is the annual "Alpha Weekend," centered around the home basketball game with our traditional rival—Farmington S. T. C.

Kappa Delta Phi

President: Richard Bucknell
Vice-President: William Brazier
Secretary: James Bennett
Treasurer: Philip Graves

Kappa Delta Phi is a national educational and professional fraternity which was founded in 1900. On May 7, 1938, the local fraternity of Lambda Pi Sigma relinquished its charter and became affiliated with this national organization as the Iota Chapter. The Iota Chapter here at Gorham has consistently received a high rating in the national fraternity and has won major awards.

Kappa sponsors many activities such as record hops and movies. Among the major activities are the annual Kappa Kabaret, a formal dance and dinner, and the construction of a skating rink during the winter months. The fraternity holds a smoker and participates in intramural sports. As the year comes to a close, Kappa hopes it has contributed both physically and socially to the growth of the campus.

"Black and Gold" wishes to continue to serve the college in years to come.

P. Graves, D. Marcotte, R. Broadbent.

D. Marcotte, W. McCubrey, R. Duvault.

Kappa Kabaret

Phi Sigma Pi, which originated in Central Missouri on February 14, 1916, has had forty-five years of active existence. In 1955, the fraternity called Omega Nu Epsilon, founded at Gorham in 1949, became a chapter of the national fraternity Phi Sigma Pi. Omega was adopted as the chapter name.

The members of this organization pledge themselves to the development of high ethical character. The fraternity is social only as it exists to meet the needs of close fellowship and social activity among men of like interests in a teacher preparatory institution. Fraternity activities include professional and business meetings, an annual smoker for freshmen, participation in the mayor campaign and the Winter Carnival. This year Phi Sig's Charlie Berry was elected as campus mayor. In the spring, the fraternity had the pleasure of sending two brothers to the national convention, held in Washington, D.C.

Cheerleaders

Responding to the call of El Boote, a full week before the start of the season, the returning veterans of last year's soccer team brought a fighting spirit to the Gorham campus this fall. Soon a score of eager freshmen joined them in vigorous calisthenics on the soccer field in preparation for the coming battles in defense of their goal. The season brought many heartbreaking close decisions and the Gorham defense was the best in the league. The team lacked only a good offense from being the leading team all around. Next fall there is hope that the team can come up with the offense to match its defense and possibly win the conference.

To the sound of bugles and the rousing yell of "Charge!" the Gorham Hilltoppers charged down the court and came up with their finest season. Undefeated in twenty league games, including two tournament games, the team rolled up an average of better than 97 points per game to lead in the N.A.I.A. standings. In December the team traveled to Rhode Island for an invitational tournament. In the first game they defeated Quinnipiac of Connecticut by 33 points, 96 to 62. The second game which was their first real challenge of the season and the only defeat the team was to suffer until the N.A.I.A. divisionals at Central Connecticut in March. Under the excellent leadership of Coach Costello and his three co-captains the team broke over the 100 mark 9 times during the season, reaching their peak of 134 points against Keene, whom they defeated by 91 points, 134 to 43. Five men averaged more than ten points for the season: Ray Bishop with 22.60, Benny Palubinskas, 11.96; Dick Therriault, 10.30; and Don Donnelly, 14.08. The most points scored in one game were 33 by Ray Bishop against North Adams in the first play-off game of the tournament.

In behalf of the student body the HILLCREST expresses our fondest appreciation to Mr. Costello and his team for a job well done. We hope that next year's team will live up to the spirit and brilliant record of this year's players.

Who's going to get it first?

MacDougall goes high to rebound.

Therriault has it.

He's well covered!

No running!
NESCA CHAMPIONS OFF FOR THE NATIONAL ASSOCIATION FOR INTERCOLLEGIATE ATHLETICS TOURNAMENT

This year the JayVees had a very good season, winning eleven games and losing only four. They reached their peak when they played M.V.T.I. for a return match and avenged a prior loss by downing the boys from South Portland 110 to 46. In his first year at Gorham in replacement of Mr. Wescott our Mr. Coombs seems to have come up with a very fine showing for himself and the boys that played under him.

Assembly at Athletics’ Director’s door.

Last spring the baseball team again had to travel off-campus to practice and play all home games. In spite of this handicap the team fought hard all season to win for Gorham. The one important home game of the season, against Farmington, was the only win for the team. However, a fine trip to Vermont one weekend helped to make the season at least a partial success for the players. Although the loss of an excellent pitcher, Charles Sanders, will be felt, there is hope that new blood from the freshman class will make possible a winning season in 1963.
In their second year in the league the Gorham netmen, coached by Dr. L. T. Fish, had a fine season. Ray Bishop was outstanding, winning four out of five of his singles matches and helping win three doubles matches. With more student support and another fine team again in 1963 there is hope that the team will take a league trophy.

Mr. Costello, Nye Bennis, Ralph Maines, Wayne Snell, Irwin Ward, Jack Gaudette

Golf coach Richard Costello watched his first-year entry in a newly formed New England State College Athletic Conference Golf Circuit collect ten straight wins after an opening loss to Fitchburg. The season was highlighted by a 9-6 win over Fitchburg, tied by Johnson, giving Gorham sole possession of the championship. Gorham, playing its home matches at Gorham Country Club, was led by captain and No. 1 man Ralph Maines. Maines consistently fired good golf and picked up 238 points out of a possible 33. His round of 78 at Salem Country Club was the lowest for an away 18 hole course. No. 2 man Nye Bennis took 109 points in his 11 matches and shot a 75 at Gorham Country Club against Plymouth for his low round. Jack Gaudette in No. 3 position kept pressure on his opponents all the way in picking up 21 points.

Home course:
Gorham Country Club
In looking back over our four years on the Hill, we can see changes in both the college and ourselves. The college has gained a new president, accreditation, new dormitories and classrooms, a new library. We have gained, through experiences both academic and social, maturity and knowledge until we now feel ready and eager to meet the challenge of our professional lives.

1959 was the threshold year. Eager, yet apprehensive we sampled college life, found it to our liking, and soon we were an integral part of G.S.T.C. President, Donald Donnelly; vice-president, Max Brandt; secretary, Gail Fish; and treasurer, Judy Ashe were our first leaders.

As sophomores we assumed a role of increasing responsibility. Our first important undertaking was the annual "Harvest Ball" with Kay Blanchard and Roger Spugnardi as co-chairmen. This year we also presented our Sophomore Show under the direction of Max Brandt and Wesley Kennedy. Dudley Harrington was our president; Judy Ashe, our vice-president; Barbara Clark, our secretary; Kathy Gallant, our treasurer. Many others in our class held responsible positions in campus organizations.

Entering as juniors in 1961, again refreshed from summer vacation, we elected Nick Colucci, president; Paul Bellavance, vice-president; Barbara Clark, secretary; and Ann Wentworth, treasurer. Filled with determination, we undertook our duties. The editing of the Hillcrest was our major responsibility. Barbara Lewis and Stephen MacDonald were co-editors of the yearbook of which we may be rightly proud.

Now, in our senior year we all wonder, "Is it possible that our college years are nearly over?" These four years have been good ones, and entitle us to look with pride at our service to the college. Leading us in our last year are Ray Poulin, president; Wayne Wormwood, vice-president; Barbara Clark, secretary; and Sue Ann Cheney, treasurer. We now face another threshold as we graduate from college. Although our years at Gorham will soon be over, we recognize that we must constantly broaden our backgrounds and deepen our insights if our teaching is to be stimulating and rewarding.

Respectfully submitted,
Barbara Clark

Underclassmen
The class of 1964 returned to Gorham in the fall with our same characteristic enthusiasm. We have passed the halfway mark in our college career, and are now completely engrossed in the process of learning to teach.

Charlie Berry is again serving us as president, with Phil Jewett as vice-president, Linda Kerwin as treasurer, and Betty Verrill as secretary. Student Council representatives this year are Dick Bucknell and Kendall Wichenbach.

This year promises to be a busy and successful one for the Junior class. We are well represented in many organizations on the hill and are very proud to be such an active part of a rapidly growing campus.

Respectfully submitted,
Betty Verrill
Secretary
Sophomore Class

Officers: Ann Miller, Treasurer; Paul Johnson, President; James Thurlow, Vice-President; Sharon Anderson, Secretary.

In the fall of 1962 we returned to G.S.T.C. as Sophomores. No longer baffled Freshmen, we are on our way toward becoming future teachers.

Edward LeBlanc, Vance Porter, and Priscilla Brooks represent us well in Student Council. With the help of our advisors, Miss Evelyn Littlefield and Mr. Albert Bennett, our class officers, president, Paul Johnson, vice-president, James Thurlow, Treasurer, Ann Miller, and secretary, Sharon Anderson, are ready to lead the class in any endeavor.

Our first project of the year was a Victory Hop, planned to follow one of the soccer games. The game was lost but the dance was a success. Our second major project was the Harvest Ball. Much early planning and hard work were put into the Ball. This year our class is fortunate in being able to have our class rings by March of 1963.

The Sophomores have given excellent overall support toward anything we have attempted. We feel that such spirit and interest certainly aids in making better future teachers of America.

Respectfully submitted,
Sharon Anderson
Secretary
As we Freshmen were oriented to college life, we immediately became aware of the friendly atmosphere and the new way of life ahead of us—life devoted to bettering ourselves as future teachers both socially and academically.

By November we had elected our class officers: George Barker, president; Jeffrey Holt, vice-president; Judith Barker, secretary; and Bonita Eames, treasurer. Daniel Walker was elected to represent us in Student Council, with Wayne MacDougall as alternate.

As a class, we have made ourselves known by sponsoring some campus activities. Also, we have made a constitution for the class to follow. As individuals, each class member has done the best he knows how and hopes to continue to work for the betterment of the college.

Respectfully submitted,
Judith Barker
Secretary

This Is A Linen Counter

Although textiles are not related to yearbook printing, this small magnifying glass for fabrics is a convenient tool for printers. It is used to examine negatives of the pictures which appear in your yearbook.

The inspection of negatives is but one of many steps we take to maintain high quality in the production of fine yearbooks.
