

morning and I dread that of
course.

I had a letter from Marion Higgins
yesterday. She is in Blackshear
Ga. and is having a fine time.

Oh, I nearly forgot to tell you
that we went on a sleigh ride
last Monday afternoon to
Durham. There were forty
of us went and we had
a grand time. The sleighing
was elegant and you know
it was a lovely day. We were
gone all the afternoon.
Two of the teachers Miss
Fickett and Miss Andrews
went with us but we
had all the better time

My dear Mamma:- I have
received your two letters
of this week and think
I will take time to
answer them now as I
am rather tired I have
been working on my
algebra lesson for an
hour and a half and
have not finished it
yet. I think that I shall
not come home to the
wedding.

If nothing happens
I shall go to Portland
Friday morning and

I think it is possible that I shall not come out until a late train that night. But cannot tell exactly yet what I shall do. We have a recess at noon for two hours if the program is carried out as it now stands and I think that I may possibly have a chance to see Papas if he is in town.

We have an hour in the morning but I know that I shall not see him then as it is too early.

If I only knew what time he was at the stable I would go down there. I think I will go down anyway about noon or as soon as the forenoon session closes.

If he ^{would like} ~~had~~ to meet me at some set time between 12 and 2 o'clock at the stable he might let Mrs. Crickett know and she would tell me in the morning because she is going to meet Eunice at the ^{Electric} car station.

The afternoon session begins at quarter past two o'clock.

Charles & I have got to play a duet to-morrow

having them with me.
You may see an
account of it in the
paper. I saw one in
the Argus but the
number was a little
stretched. I said 100
of the pupils went on
a sleigh ride.

We all had an elegant
time.

Sunday I went to meeting
& Sunday School at the
Methodist Church. This is the
first time I ever attended
the Methodist Sunday School
and now I suppose I
shall have to go all
the time.

Miss Andrew read to us as usual
Sunday evening ^{after} school
Saturday night, Grace and I went
down and called on Mrs. Sweetin.
and in the evening fifteen of the
girls in my class were in this
room and we started to read
a book called "A Lady's Travels in
the Rocky Mountains". Miss White
wanted us to read it in connection
with our Geography, but it is not
very interesting and I think we
shall not keep it up.

Well it is past nine o'clock and
I must finish my Algebra lesson
so will close with love to all
Harriet.
