Gorham, Maine
February 12/1900

My dear Mamma -

We reached
here safely to night. It was
raining quite hard &
the walking was terribly
so I was glad to pick
up to the Hall.

The "Flying Yankees" was
late so that last train
had to wait at Cumberland
for it to pass so we did
not leave until half
past five. We did
not expect that

we would make
connections with that
first train for Gorham
but that was a little
late so we did.

Charles came out to
night but very few
of the other girls did.

Another ^{one} of the girls
here in the Hall has
just come down
with the German
Measles since Saturday
night.

Charles brought out

a cream pie and we
are going to test it
after study hours if
I can get in there.

We did not get much
supper as they did
not save any for us.

But I guess that big
Washington pie will
be enough for three of
us. The snow is going
off very fast. They
brought us up in a
covered sleigh and the

traveling was so bad
that they took us
away around through
the fields they could
not come up over
the hill in the street.
Well if you can find
out where to go when
you get to the bottom
of me page you
will do well as I
began on the wrong
side. Will close
with love to all
Harriet.
