For Lane Mamma
April 9/1900

My dear Mamma:-

We got here all right this P.M. and I have finished my waist all that there was to be done.

Charles met us at the station.

Mr. Cortes is very sick and so he does not have any of his classes.

We have not ~~had~~ missed much and there are a good many of the girls who have not come back.

Grandma came at noon. She was on the train when we got on but I did not see her until we got part way out to Graham. I think I took nearly every thing that I wanted. I have not missed anything yet.

I hope your back and hand will feel better soon. I am very sorry you had to hurry so this morning and I hope you did not get ~~too~~ tired.

My eyes are aching a little this afternoon but I guess it was being

out in the mind.

Don't hurry about finishing that
~~of~~ collar. f

Charles told us that we had not got
to work hard this term. I guess the
work will be easier than it has
ever been here as we have no
mathematics that used to take most
of our time.

Well I have got to find out
about my lessons and do some
studying before supper time so think
I had better send this letter down
now.

With love to all
Harriet.
