# State Normal School, Gorham, Maine.

---

This institution is one of the three State normal schools established by the State of Maine for "training teachers for their *professional labors*." It was established by the co-operation of the people of Gorham and the authorities of the State, and received its first class on January 19, 1879.

## CONDITIONS OF ADMISSION.

Candidates for admission, proposing to become teachers in the public schools, must have attained the age of seventeen years complete, if gentlemen, and sixteen years complete, if ladies. They must present, on the day of examination, a satisfactory certificate of good mental ability and high moral character; must declare their intention of remaining in the school the full term in which they enter; of faithfully observing the regulations of the school while members of it; and of afterwards teaching in the public schools of Maine. They must pass a satisfactory examination in Reading, Spelling, Writing, Arithmetic, Geography and English Grammar.

A greater age and higher attainment than those prescribed above, with some experience in teaching, make the course of study in the school much more valuable to the pupils who are preparing themselves for teachers. Pupils of the age and qualifications prescribed above, who do not intend to teach, will be admitted to the school on payment of tuition.

The examination for admission takes place on Tuesday, the first day of each term, beginning at 9 o'clock A. M.

No pupil received for less time than one quarter.

## THE DESIGN OF THE SCHOOL AND COURSE OF STUDIES.

The *design* of normal schools is strictly *professional*; that is, to prepare in the best possible manner, the pupils of said schools for the work of organizing, governing and teaching *common* schools of the State.

To this end, there must be the most thorough knowledge, *first*, of the branches of learning required to be taught in the schools; and *second*, of the best methods of teaching those branches. The first, it is the business of any school to give; the second, it is the *distinctive* work of the normal school to impart.

The time of the course extends through a period of two years, and each year is divided into two terms of twenty weeks each, with daily sessions of not less than five days each week.

Pupils begin the course at the beginning of the quarter, in August, January and November. This arrangement enables those who are compelled to teach during the course, to leave at the end of a full quarter's work.

### STUDIES.

The half-yearly terms are divided, by a rest of one week, into quarters of nine and one-half weeks each; eight constituting the full course of two years. The figure after each subject indicates the number of quarters during which such subject is to be studied.

Language, 8; Pedagogics, 4; Geometry, 3; Physics, 2; History, 2; Chemistry, 2; Arithmetic, 3; Geography, 3; Algebra, 2; Botany, 1; Physiology, 1; Civil Policy, 1; Mineralogy, 2; Zoology, 2; Book-Keeping, 4; while Reading, Drawing, Writing, Spelling and Music will extend through the course.

## Order and Distribution of Studies.

[The figures show the number of hours per week.]

History, first three quarters, 5. Language. Elementary English, three quarters. Literature, fourth and fifth quarters. Rhetoric, sixth quarter. English Grammar, seventh and eighth quarters, 5. Physics, first two quarters, 5. Geometry, first three quarters, 5. Reading, eight quarters, 1. Writing, six quarters, 1. Book-keeping, three quarters, 1. Drawing through the course, 1. Chemistry, two quarters, 5. Arithmetic, three quarters, 5. Geography, three quarters, 5. Algebra, two quarters, 5. Botany, one quarter, 5. Physiology, one quarter, 5. Mineralogy, two quarters, 3. Zoology, two quarters, 3. Music through the course, 2. Pedagogics five quarters, 5.

### BOARD.

*All young ladies attending the school will board in the boarding-house, unless excused by the Principal, and must apply to the Principal and get his permission before making any arrangements to board elsewhere. Under its present management the boarding-house is made a pleasant home, entirely satisfactory to the pupils and the teachers of the normal school who board there.*

Board, \$2.75 per week when two pupils occupy one room. Students furnish their own bed-clothes, towels, napkins and toilet soap. Students' private washing extra—this can be had at twenty-five cents a dozen. Bed-clothes, towels and napkins washed by the house. Students sweep and dust their rooms and make their own beds. Washing rooms and care of lights done by the house.

Rooms for self-boardings, furnished with table, chairs, lamp, oil can, stove and bed-stead, can be had for fifty cents per week.

For information as to board, rooms, etc., address W. J. Corthell, Gorham, Me.

Correspondence with school officers and teachers invited. All graduates of the school are earnestly invited to inform the teachers of their employment as teachers and if they desire to secure other places.
