ACADEMIC DRESS

Academic costume originated in Europe several hundred years ago. It consists of the gown, hood, and cap. Now much modified, each level of academic achievement still retains a distinctive gown and hood. Bachelors' gowns are worn today by the Senior Class, masters' gowns by the master's degree candidates, and doctor's gowns by many of the faculty.

The hood worn for the bachelor's degree (now seldom seen) is three feet long, for the master's degree, three and one-half feet, and for the doctor's degree four feet. Hoods are lined with the official color or colors of the college or university conferring the degree. University of Maine hoods are lined in pale blue.

The edging of the hoods varies in width according to the degree. Its color is distinctive of the subject to which the degree pertains. Some of these colors and associated subjects are:

Agriculture	Maize
Arts, Letters, Humanities	White
Commerce, Accountancy, Business	Drab
Economics	Copper
Education	Light Blue
Engineering	Orange
Forestry	Russet
Home Economics	Maroon
Law	Purple
Philosophy	Dark Blue
Public Administration, Including Foreign Service	Peacock Blue
Science	Golden Yellow

The caps are of the same material as the gown. The tassel is black or the color appropriate to the subject, except that the doctor's cap may have a gold tassel.

Most American colleges and universities use black gowns and caps which conform to the above descriptions. Many European institutions have gowns, hoods, and caps of original and frequently colorful design.
