ACADEMIC DRESS

Academic costume originated in Europe about six hundred years ago. It consists of the gown, hood, and cap. Each level of academic achievement still retains a distinctive gown and hood. Bachelors' gowns are worn today by all recipients of undergraduate degrees. Master's degree candidates have distinctive masters' gowns, while many faculty members wear doctors' robes. The University of Maine Trustees wear special black doctoral gowns with shoulder yokes of Maine blue.

The hood worn for the bachelor's degree (now seldom seen) is three feet long, for the master's degree three and one-half feet, and for the doctor's degree four feet. Hoods are lined with the official colors of the college or university conferring the degree. University of Maine at Portland-Gorham, Portland campus, hoods are lined in pale blue.

The edging of the hoods varies in width according to the degree. Its color is distinctive of the subject to which the degree pertains. Some of these colors and associated subjects are:

Agriculture	Maize
Arts, Letters, Humanities	White
Commerce, Accountancy, Business	Drab
Education	Light Blue
Engineering	Orange
Forestry	Russet
Home Economics	Maroon
Law	Purple
Nursing	Apricot
Philosophy	Dark Blue
Science	Golden Yellow

The black mortar board caps are of the same material as the gown. The tassel may be black or, as is our custom, the color appropriate to the subject, except that the doctor's cap may have a gold tassel.

Most American colleges and universities use the black gowns and black caps which conform to the above descriptions. Many European institutions have gowns, hoods, and caps of original and frequently colorful design.
