Here is the fourth in a series of commentaries.

DEAR COMMUNIQUE by Carl T.

In response to Ruth's comments in the February issue of Communiqué - The whole thing is totally asinine. Where and when has the "cat and mouse game" been played (between men and women) at the Lambda or private parties. In the year and a half I've been attending these functions I've yet to see it. I must admit I've seen it played man against man or woman against woman - but never man against woman (unless it was verbal volleyball amongst friends).

After hosting several parties (both by invitation only and open to everyone) I find I enjoy the open parties more. The conversations vary on a wider range of subjects and tend to be more interesting and educational than anything else.

After being married to a lesbian for over seven years, I find myself at a loss without women around. I find their views and opinions to be a very valuable asset.

As for Dick's observation in the January Communiqué, I find myself truly disgusted with the excuses given, by women for not attending Lambda gatherings. Excuses. That's just what they are.

Ruth: When was the last time you attended a Lambda function or a mixed party given by a Lambda member or associate?

This is not only directed to Ruth but to other gay men and lesbians. Not all people who attend parties are Lambda members (some don't want to be), but that doesn't stop them from attending and having fun. If you're having an identity crisis or an 'aphobia', you'd really be surprised at the number of us who are willing to lend an ear and a shoulder to cry on.

Remember: We've all been there at least once.

LAMBS MEET; VOTE TO SPEND MONEY

An Executive and a General business meeting were scheduled for March 23 in Caribou. Only 2 Executive members were present (4 are necessary for a quorum) so a meeting was not held. All business was discussed at the general meeting. In summary, here's what's happening:

* NIN has filed a formal complaint of discrimination against the Caribou Country Club, since they denied us rental of their building for our 6th anniversary party; they rented it to us for the 5th anniversary. The Maine Human Rights Commission received the complaint, and said that in essence, because there was not a "gay rights bill" in Maine, they couldn't do anything, but would keep the letter of complaint on file for future reference. The Lambs at the meeting voted to issue a press release stating that a complaint has been filed with the Commission. The press release will go to local radio stations, Channel 8. (WAGM TV in Presque Isle), plus the gay/lesbian press.

* NIN will contribute $100 to the Bob Gravel Legal Aid Fund. Bob was repeatedly harrassed by "queerbashers" in his Lewiston neighborhood for over
a year. When they attempted to enter his apartment, he called the police. When police failed to arrive, he went downstairs to see if the hoodlums were still there. One of the men near the door ran towards Bob. Bob fired his gun into the air. When the man continued towards him, Bob fired at the man who was hit and killed. The Grand Jury chose not to indict Bob on murder charges. They apparently accepted his testimony that he had been harassed to the point where he feared for his life. Bob's legal fees, however, are nearly $4000. Lambda is contributing to these costs.

*NLN will renew our membership in the International Gay Association/ the International Association of Lesbians/Gay Women and Gay Men - $75 U.S.

* An advertisement has been placed in the Aroostook County tourist book which is published every two years. The Chambers of Commerce in the County coordinate the book which is put together by a company in Oklahoma. The ad (at right) is 1/8th page and will appear in the front half of the book with other County resources. The distribution of the 20,000 copies is geared not only towards tourists but to new people at Loring Air Force Base and businesses who are trying to recruit new workers. The book is distributed through all the County Chambers and many offices in the area. Cost: $225.00 US.

* A party has been planned for April. If NLN is to continue to spend money for outreach and donate to worthy causes, money must be generated; parties are the only income Lambda has during the year. The door donations pay for this newsletter and other expenses. Memberships are also very important. Encourage people to join Northern Lambda Nord. A $6 door donation at two parties is only $1 away from the cost of a year's membership.

* Caribou Post Office incident. As reported in last month's Communiqué, Paul Michaud, Postmaster at the Caribou Post Office, opened, read, and returned a piece of first class mail addressed to this newsletter. He did not receive a request to do so from this newsletter nor did he notify us that he returned the mail. The item was AIDS/health related information. He viewed it as "sexually explicit advertising". An apology was given by the US Postal Service. The Harvey Milk Lesbian-Gay Democratic Club of San Francisco, producers of the booklet ("can we talk?") have notified Northern Lambda Nord that we "have an excellent legal case against your local postmaster for his interception and reading of your mail, and his returning it without notice to you! Damages, we're told, could be "considerable" in $$ for your organization!" The USPS replied to the Milk Club's letters and local news coverage. "In their 'apology' they lay out a legal case for damages AGAINST THEM and cite their laws and regulations to support a lawsuit against the USPS! You (Northern Lambda) have a very good case against the USPS, according to our attorneys! So do we! We'll render any assistance you need." NLN has voted to notify the Harvey Milk Lesbian-Gay Democratic Club that we are interested in taking joint legal action against the Caribou Post Office/Paul Michaud. A
letter to this effect will be sent to the Milk Club; copies of the letter along with the correspondence we've received from the Milk Club will be sent to our representatives in Congress: Rep. Olympia Snowe and Senators Cohen and Mitchell. (It was voted to keep them informed of the situation, since the Milk Club's Representative, Barbara Boxer, has already gotten involved, questioning the actions of Paul Michaud, actions which were totally against all postal regulations.)

*The meeting adjourned and those in attendance dined on delicious cabbage rolls and other delectable foods. Yum, Yum.

HELP FUND -- BUILDING FUND?

Several years ago, an NLN Help Fund was established. Money is set aside from the annual budget to help those people who need financial aid to pay their memberships or when hard times make it imperative that they need help. Lambs use this money to help other Lambs. At the end of each fiscal year, there is inevitably money left in the fund. Phil, the NLN treasurer, suggested at the March meeting that the money that is left every year from the Help Fund be set aside for a Building Fund. (The "Aroostook Regional Gay-Lesbian Community Center!?"") He requests that you think about this and it will be on the agenda at the April meeting in Fort Fairfield.

NLN RECEIVES ANOTHER GRANT

The Chicago Resource Center has notified Northern Lambda Nord that they have awarded us a grant in the amount of $3600. This is the second time in two years that the CRC has given NLN a grant. This year's money is targeted for operating expenses for the Maine Lesbian and Gaymen's Symposium XIII which NLN is hosting in Presque Isle in May. The money will be used to help defray the cost of renting the dormitory. Again, much thanks go to Ben who wrote the successful grant application.

SEPARATE COMMUNITY PLANNED BY/FOR LESBIANS AND GAYS

The National Association of Lesbians and Gays, a non-profit Nevada corporation, plans to develop a resort/residential community for lesbians and gay people. "Stonewall Park" will be both a destination resort with full recreational and legal gambling facilities and a planned residential community. It will be located in the Sierra Mountains in northwestern Nevada. For information: National Association of Lesbians and Gays, Liberty Center, Suite 350, 350 South Center Street, Reno, Nevada 89501 702/322-8093.
